1076 Put to death (10)

Su Wanwan suppressed her excitement and bit her lower lip. She took two deep breaths, calmed down, and said, "you guys continue to follow him. You must follow him closely and don't let him run away. I'll go over immediately."

"Understood."

Su Wanwan hung up the phone and carried Xiao Zeze upstairs. She put him in the crib, leaned over and kissed him. She smiled and said, "little ze ze, I'm going to catch rabbits. Wish me well. I'll play with you when I come back. Be good."

After su Wanwan gently rubbed little Zeze's head, she turned around and left the room. She returned to her own room and quickly changed her clothes. She casually tied her hair into a ponytail, then carried her bag and quickly went downstairs.

Nanny li saw su Wan running down the stairs, dressed in outdoor clothes, and couldn't help but say: "Miss, where are you going so late at night?"

nanny Li, I'm going out to do something. By the way, don't tell brother Ziwei, in case he's worried. Take good care of Xiao Zeze, I'll be leaving first. Su Wanwan said as she rushed out.

"Miss Wanwan, miss Wanwan."

After su Wanwan sat in the car, she started the engine, turned the steering wheel, stepped on the accelerator, and the car quickly rushed out.

She freed one hand, put on a Bluetooth headset, and made a call, keeping in touch with the private detective she had hired.

"Miss su, that person is about to reach Xi Zhiwei's apartment."

alright, I'll be there in about half an hour. Keep a close eye on me, okay? "

"Sure."

Su Wanwan's eyes narrowed slightly. She stared at the road in front of her and stepped on the gas pedal until it was full, quickly shuttling through the traffic.

The man's car arrived at Xi Zhiwei's apartment. He found a parking space and parked the car. He took out his phone and called Xi Zhiwei.

After a few rings, the other side picked up.

The man's voice was lazy. I'm here. Where's the money? "Are you ready? I'll go get it now?"

"No, don't come up,"

Xi Zhiwei refused and said, "Look for my car, it's not locked. The money is in the trunk, you can check it."

"Alright," he said.

The man got out of the car and walked around the apartment. He finally found Xi Zhiwei's car in a corner. He walked to the back of the car and opened the lid. There was a Luggage Bag inside.

He took it over and unzipped the duffel bags one by one. Inside were all red cash. He roughly counted it, but his expression suddenly darkened.

He quickly made a call, and the person on the other end shouted, "Xi Zhiwei, are you trying to send off a beggar? How did the 50 million become 5 million?"

However, Xi Zhiwei's voice was even colder than his. "You've already taken ten million from me. It's already very good that I can still come up with five million. Besides, I only have a little more than a week's time. You should feel lucky that I can gather this much cash. Anyway, I only have five million now. Oh, right, and this car of mine, it's worth at least one million. The car keys are in the car, you can take it. I only have this much money. If you want it, then take it. If you don't, then we can hug to death together."

"You!"

The man was furious, but he also knew that if he forced Xi Zhiwei into a corner, he might not be able to get more money. He had at least five million in cash and a luxury car. It was enough for him to spend for a while.

"Alright, let's just leave it at that for now."

As he spoke, he took the money and got into the car. He started the engine and left.
