Xi Zhiwei sneered and looked at her, waiting for her to fall to the ground in a sorry state and suffer everyone's disdainful looks and ridicule. Unexpectedly, her hand that was holding PEI Munian's arm was suddenly flung away. The next second, the figure beside her had already taken a step forward. His long arms stretched out and wrapped around su Wanwan's slender waist, bringing her entire person into his arms.

Xi Zhiwei looked at PEI Munian in surprise, as if she did not expect him to help su Wanwan up.

PEI Munian didn't even glance at her from the corner of her eyes. Her black eyes drooped and her gaze fell on su Wanwan's face. Her voice was low and deep. are you okay? "

"I'm fine." After su Wanwan steadied herself, she shook her head lightly.

Xi Zhiwei bit her lower lip and looked at PEI Munian with tears in her eyes. brother Munian, please.

Today was their engagement party, but he hugged su Wanwan in front of so many people. Where did he put her? Moreover, didn't they already break all ties? He still wanted to protect her?

Could it be that when he saw su Wanwan, he was dizzy again?

The moment Mrs. PEI saw su Wanwan, her anger towards Xi Zhiwei immediately turned to su Wanwan. Was she making trouble again? Did she deliberately bring out such a video at such an occasion to ruin mu Nian and Weiwei's engagement party and to embarrass the PEI family? She was not willing to be divorced like this, so she came to take revenge on them?

Mrs. PEI's eyes suddenly became sharp. After sweeping past su Wanwan, they fell on PEI Munian.

At this time, he didn't stay by his fiancée's side. Instead, in front of everyone, he came out to help su Wanwan and even hugged her. What was going on with him?

Xi Zhiwei was his own choice. Could it be that he still had feelings for su Wanwan?

"Mu Nian!"

On an occasion like today, she would definitely not allow him to go back on his word at the last minute. The PEI family's face would be completely lost!

Mrs. PEI called out to PEI Munian and took a step forward. Her black eyes turned and stared at su Wan. Her voice was extremely gloomy. miss su, you have already divorced my son. You took my money and left. You also promised me that you would not pester me again, so you are not welcome here. Please leave immediately!

As she said that, she shot a look at Butler Xi, not even caring about PEI Munian's face.

Butler Xi understood and waved at the bodyguard. miss su, please leave.

The bodyguards hurriedly walked forward from behind. PEI Munian single-handedly brought su Wan behind her, her black eyes lightly sweeping over the bodyguards. It actually made people unconsciously feel a strong sense of oppression, and their steps couldn't help but stop.

PEI Munian looked at Mrs. PEI and smiled. mom, there's still one more guest who hasn't arrived. The engagement party hasn't started yet. What's the rush? "

Honored guest?

"What honored guest?"

Basically, all the invited guests had already arrived. Why would they still be missing any distinguished guests? It can't be that Wanwan invited people from su Wanwan's side, right?

PEI Munian raised her wrist and looked at her watch. She smiled and said, " we're almost there. Let's wait another minute.

Mrs. PEI didn't know what PEI Munian was up to, but every time su Wanwan appeared at an event, it would always be a mess. No matter what kind of VIP it was, this place didn't welcome su Wanwan.

"You can wait for your distinguished guest to come before you start, but it has nothing to do with su Wanwan staying here, right? She's not welcome here!"
