"How can it be unrelated? It's a big deal." PEI Munian replied and then tapped the glass surface of her watch. She lifted her eyelids and looked at the entrance of the banquet hall. "The time is just right, she's here."

As soon as PEI Munian finished speaking, a slender figure walked in through the door. There was a faint smile on her beautiful and exquisite face. She was dressed in a light pink dress that made her look delicate and lovely. She paused at the door for a few seconds, looked around at the crowd, then raised her feet and walked in step by step.

Everyone's line of sight unconsciously looked over, and when they saw the person who had arrived, they were more or less surprised.

Everyone in the circle was of noble status, so naturally, they would recognize this one of the four major Chinese in the United States, the second miss of the ning family, ning Jingting.

She didn't expect the VIP PEI Munian was talking about to be her.

However, he had invited ning Jingting as a distinguished guest at his engagement party. What was such a young and beautiful girl up to? Could it be that the rumors about her and PEI Munian were true?

When Mrs. PEI saw ning Jingting, she could not help but be stunned. After the unpleasant incident in the United States, she was so angry that she almost took a flight back to China the next day. PEI Munian's impression of ning Jingting had also become very bad. Why would she still invite her to the engagement party?

Xi Zhiwei's eyes were wide open and she could not react at all.

How could ning Jingting still be in contact with PEI Munian?

Su Wanwan poked her head out from behind PEI Munian and watched as ning Jingting approached her step by step. Her brows furrowed slightly and her eyes were full of doubt. Although she didn't know what happened between PEI Munian and ning Jingting in the United States, why did he return so quickly and decide to get engaged to Xi Zhiwei, since he was back, it proved that his relationship with ning Jingting had been severed. Why was ran ran entangled with her again?

Su Wanwan couldn't help but raise her eyes and look at PEI Munian. PEI Munian happened to be looking at her too. When she met her black eyes, the corners of her lips curved up evilly and her big palm patted her head affectionately.

She was a little dazed by his smile and only reacted after a few seconds. She quickly moved her head. She had come here to expose Xi Zhiwei's true colors, but that did not mean that she had made up with him.

PEI Munian raised her eyebrows slightly. Her fingertips seemed to inadvertently slide down her cheek, making su Wanwan frown fiercely.

He smiled and let her go. He turned to look at ning Jingting, who looked at him. She walked over and stood in front of him. I'm sorry," she said softly. I'm late.

"It's fine."

"Jingting, you're a coward." Mrs. PEI opened her mouth in shock. how did you know ran ran? "

Ning Jingting turned to Mr. And Mrs. PEI and greeted them politely, " Hello, uncle and Mrs. PEI. I was rude before. I'm here today to give Munian a big gift for her engagement. I hope you'll like it.

A big gift?

Everyone was suspicious, except for Xi Zhiwei. She stared at ning Jingting's smile, and for some reason, a chill ran down her spine, almost freezing her whole body.

"Jingting, what do you want to do now?"

Because of what had happened in the United States, Mrs. PEI's attitude towards ning Jingting was not good.

Forget about su Wanwan making trouble, now there's also ning Jingting. I don't know how the PEI family will lose face today.
