Auntie, I'm only here to give you a gift. At the same time, I'm also here to clear my name and clear up your misunderstanding of me. Ning Jingting opened her handbag, took out a USB, and showed it to everyone.

She smiled at Mrs. PEI and continued, Auntie, look at this and you will understand what kind of woman your future daughter-in-law, Miss Xi Zhiwei, is. Is she qualified to be the future mistress of the PEI family? "

PEI Munian lifted her chin slightly and gestured to assistant Wu.

Assistant Wu nodded and took the USB from Ning Jingting's hand. Then, she turned around and walked into the room.

Xi Zhiwei stared at the USB in panic, her eyes flashing. Although she did not know what was inside Ning Jingting's USB, she knew that it must be something harmful.

What is Yingluo? could it be Yingluo?

Xi Zhiwei was still feeling uneasy when the big screen rang again. On the screen, Xi Zhiwei and housekeeper Xi appeared. The two of them were standing in the corner and talking. Xi Zhiwei's face was extremely clear, and the words she said were also extremely clear.

"Mom, are you sure this medicine is good? Is it foolproof?" Xi Zhiwei asked.

Butler Xi nodded affirmatively. don't worry. I got this from the black market through my connections. After taking this medicine, it will have an aphrodisiac effect, and you will not be able to control your behavior. You will unconsciously want to get close to men, but this can be calmed down with a shot of tranquilizer. The doctor will not be able to find anything wrong with her body. By then, we can only say that Ning Jingting has let go of her restraint and shamelessly seduced men.

As Butler Xi spoke, he laughed sinisterly. Madam only likes women who are dignified and elegant. Once Ning Jingting has done such a shameful thing, she will automatically be removed from her list of potential daughter-in-law candidates. Moreover, young master is on your side. As long as this matter is successful, you can return to China with young master and hold your wedding. At that time, you'll be the PEI family's young Madam."

Butler Xi's words seemed to have greatly satisfied Xi Zhiwei. She took the medicine and said proudly, "that's right, brother Munian is slowly accepting me and liking me. I can do anything for him.

"Wei Wei, you've finally come back to life. I've been looking forward to this day." Butler Xi paused for a moment and deliberately said, "Young Madam."

These three words entered Xi Zhiwei's ears. Her smile deepened and she replied impolitely, "then you are the young Madam's mother. You are no longer a servant.

The mother and son couldn't help but laugh.

After this part was played, the scene changed to a dinner party. Xi Zhiwei took advantage of ning Jingting's inattention and her hand inadvertently swept over her cup. The pill in her palm fell into the cup and the pill quickly spread out. She retracted her hand and tucked her hair behind her ears without anyone noticing.

Then, she sat there with a smile on her face as she watched ning Jingting pick up the glass of water and drink it mouthful by mouthful. Her smile was frozen on the screen, so eerie and terrifying that it sent chills down one's spine.

When the two images finished playing, everyone present was shocked, especially Mrs. PEI. She stared at the screen in disbelief and couldn't come back to her senses.
