

## Deeply 1088

1088 Retribution will come (10)

Xi Zhiwei was frozen in place. The blood in her body seemed to have frozen in that second. She moved her eyes stiffly but did not dare to look at anyone around her. She was afraid that she would see the contempt and disdain in their eyes.

How could there be such a video? She had been very careful, and so had her mother. With ning Jingting's intelligence, she would not have thought that she would do anything to her.

And this video was shot from such a clear angle. It was clear that it had been set up from the beginning and was deliberately shot after her.

In other words, she had fallen into ning Jingting's trap from the beginning?

Was he deliberately being jealous of her and provoking her just so that she wouldn't be able to hold back and attack her?

No, no, this couldn't be ning Jingting's plan alone. She was such an innocent lady, she wouldn't do such a thing, unless it was Zhenzhen.

Xi Zhiwei's eyes suddenly opened and looked at PEI Munian, who was standing there with an indifferent smile.

Countless thoughts flashed through her mind. She widened her eyes in disbelief and looked at him in horror. She couldn't help but stagger and almost fell.

Ning Jingting's provocation did not make her act rashly. It was PEI Munian's hint that made her think that he had really treated her differently. That was why she had taken a gamble.

So, all of this was planned by PEI Munian and ning Jingting? Ning Jingting provoked her, PEI Munian hinted to her, and she also saw the scene of PEI Munian and su Wanwan breaking up with her own eyes, so she didn't think much and fell for it so easily. According to PEI Munian's thoughts, she set up a trap to frame ning Jingting, and then he caught her weakness.

In that case, today's engagement party had been planned a long time ago. He didn't reject the engagement not because he really wanted to marry her, but because Hanhan wanted to expose what she had done in front of everyone and ruin her reputation?

How could brother mu Nian treat her like this?

In the past, no matter how much she had gone overboard, he would always take into account his brother's feelings, take into account that she had saved him, and take into account the relationship they had shared since they were young. He would not do anything to her, but now, he was dazed.

"Brother mu Nian, you're Qianqian."

PEI Munian's eyelids lifted slightly. Her black eyes met su Wanwan's eyes. Her lips curved and her voice was lazy and indifferent. Weiwei, I really didn't expect you to be such a person.

"It's you, Qianqian. Brother Munian, you made me do this. It's you, Qianqian."

“Oh? What did I ask you to do?” PEI Munian raised her eyebrows in interest.

you were the one who said that you would marry me. You were just grateful to ning Jingting. You didn’t want her to rely on you, so I teased her. Xi Zhiwei quickly tried to defend herself. I did this because of you.

“Do you think Jingting is clinging to me?”

PEI Munian looked as if she had heard a funny joke. He exchanged glances with ning Jingting and continued, “Jingting knows that I have a wife and that Wanwan and I are very close. She won’t destroy our relationship, nor will she be a third party. It’s just that I saved her once, and she’s the one who saved me, so we’re very good friends and there’s no ambiguous relationship between us.

yes, mu Nian and I are just very good friends. Sister Wanwan and I are also very good friends. Ning Jingting also spoke up and agreed.
