1096 I'm the one who doesn't want him (2)

"Lihua!" Mr. PEI exclaimed in shock, his voice filled with panic. He quickly held onto Mrs. PEI's fallen body.

The reporters finally came back to their senses and surrounded Mrs. PEI again, wanting to take pictures of her fainting.

PEI Munian furrowed her brows and rushed forward to carry Mrs. PEI in her arms. Then, she said to assistant Wu, "I'll leave this to you."

Assistant Wu nodded, "understood."

PEI Munian took a step forward with her long legs. The corner of her eyes glanced at su Wanwan and she said in a deep voice: "Wanwan, come in with me."

If she stayed here, she would definitely be surrounded by the reporters. He said in a heavy tone, "follow me!"

Su Wanwan's thoughts were still somewhat immersed in the scene just now. At this moment, her mind was in chaos. She only subconsciously listened to PEI Munian's orders and followed behind him.

PEI Munian carried Mrs. PEI and strode into the house. Father PEI and su Wanwan also followed him in.

Assistant Wu organized the bodyguards and blocked the reporters who seemed to have been injected with chicken blood. Then, she asked the servants to escort the guests out one by one.

PEI Munian carried Mrs. PEI back to her room and carefully placed her on the bed. Su Wanwan hesitated for half a second but still went forward and helped Mrs. PEI take off her shoes. Then, she took off her jewelry and placed them on the bedside table.

PEI Munian pulled the blanket over her and covered her with it. Father PEI walked over with his phone in his hand and said, "call the doctor over immediately!"

Su Wanwan's gaze turned to Mrs. PEI's face. Perhaps it was because she had been too shocked just now, her face was extremely pale. Under the light, there was no blood at all, and her lips were slightly purple, which was extremely terrifying.

Her hand unconsciously pressed against her chest, her expression one of extreme pain.

Father PEI and PEI Munian both had serious expressions on their faces, but it was a mess outside now. They had to go out and settle the guests. PEI Munian held su Wanwan's shoulders with both hands and looked at her with her black eyes. Her thin lips opened slightly, and she said word by word, "Wanwan, I'll leave mom to you for the time being. Help me look after her and wait for the doctor to come over, okay?"

Su Wanwan and PEI Munian looked at each other for a few seconds. She saw the anxiety and worry in his eyes. She pursed her red lips and slowly nodded.

PEI Munian lowered her head and quickly kissed su Wanwan's forehead. Then, she strode out of the room with her father.

The room suddenly quieted down. Su Wan walked to the bed and stared at Mrs. PEI lying there. She helped her tuck in the corner of the quilt and saw that her head was full of sweat. She turned to the bathroom and wrung a towel out. She gently stroked the towel on her forehead and gently wiped the thin sweat.

The doctor quickly rushed over and gave first aid to Mrs. PEI. After about 20 minutes, Mrs. PEI finally recovered and slowly opened her eyes. However, when she saw su Wan, her pale face became uglier. who allowed you to be here? " Su Wanwan, let me tell you, even without Weiwei, I won't agree to you and mu Nian being together. All of this happened because of you! You're a disaster!"

Su Wanwan listened to her without changing her expression and persuaded her calmly, " Madam, you'd better calm down and rest first.

"Stop pretending to be a good person in front of me. No matter what you do, it's useless!"

Su Wanwan lowered her eyes and suddenly chuckled. She then looked up at Mrs. PEI and said word by word, " Mrs. PEI, I think you're mistaken. This time, it's not that you don't agree to me being with mu Nian, but I don't want him anymore!
