

## Deeply 111

### Chapter 111 Stay away from my husband (1)

After all, her marriage with PEI Munian was different from others. After all, PEI Munian had hated her for that matter all these years.

Could she really understand PEI Munian's actions as PEI Munian still had a little bit of feelings for her?

She had been in despair so many times that she didn't even dare to show the slightest sign of it.

Aunt Wu said so much in one breath. When she saw that su Wanwan was still in a daze, she couldn't help but get anxious and raised her voice, " young Madam, did you hear what I said? "

Su Wanwan came back to her senses after being yelled at by aunt Wu. aunt Wu, I, I heard it.

young Madam, please don't blame me for speaking too much. I don't want you to be so indifferent to each other. Since you're married, you should live a good life, Yingluo.

Aunt Wu was still mumbling, but su Wanwan's thoughts drifted away again.

Of course, she wanted to lead a good life with PEI Munian. That had always been her dream.

From the first time she saw him, she wanted to marry him, to be his wife, to hold his hand, to grow old with him!

However, he hated her so much that she didn't even have the chance.

However, if PEI Munian was really as Auntie Wu said and he still cared about her, did that mean that she still had a chance to win his heart?

—

Su Wanwan lay on the bed and thought about it over and over again. The more she thought, the bigger the hope in her heart, and the more she thought, the more she couldn't suppress the throbbing in her heart.

As long as PEI Munian still cared about her, she should expand this care into liking and love, just like how she had liked PEI Munian and pursued him relentlessly back then.

Of course, she no longer dared to be as impulsive as she had been in the past and do whatever she thought of. Before she fought for it, she had to make sure that PEI Munian really had feelings for her.

Because she didn't want to go through the same feeling of falling from happiness to hell like that year!

If she wanted to know if PEI Munian had feelings for her, she couldn't ask him directly. The only thing she could do was to test him. But how was she going to test him?

—

After PEI Munian left that morning, she didn't return home for two consecutive days. Su Wanwan originally wanted to take advantage of her illness to see PEI Munian again. In the end, she didn't see PEI Munian even after she recovered.

However, Su Wanwan wasn't a person who lost heart so easily. If he didn't go home, she could always go and find him, right?

However, she had to find an excuse first.

Su Wanwan's Black eyes turned and suddenly her eyes lit up. I got it!

When she was sick, PEI Munian had taken care of her for the entire night. In that case, she should treat him to a meal to express her gratitude, right?

Su Wanwan took her phone and walked around the room countless times. After that, she finally mustered up her courage. Her fingers trembled slightly and she dialed PEI Munian's number.

Su Wanwan held her breath and waited for PEI Munian to answer the phone. However, the Dudu sound rang in her ear and no one picked up. In the end, the call was automatically hung up.

It would be a lie to say that he wasn't defeated.

She was not sure if PEI Munian did not see her call or if Wanwan saw it and did not pick it up.

Su Wanwan's fingers hesitated and she didn't dare to call a second time.

If he still didn't pick up, or if he did and rejected her, she wouldn't even have the chance to test him.
