Su Wanwan got up from the bed and went into the bathroom. After washing up, she changed her clothes and went downstairs.

Aunt Wu came out of the kitchen and saw her coming downstairs. Her smile was so bright that the surroundings could be seen clearly. She stepped forward and reached out her hand to support SU Wanwan, saying, " young Madam, be careful.

Su Wanwan laughed. aunt Wu, isn't this too exaggerated? "

"It's not exaggerated at all! I've been looking forward to little young master for a long time, and now he's finally here. In the remaining nine months, I'll take good care of you until little young master is born."

Aunt Wu helped su Wanwan to the dining room and pulled out a chair for her. After letting her sit down, she served breakfast and said, " young Madam, eat more. That way, the young master can grow up healthily.

After su Wanwan finished her breakfast, she rummaged through the cabinets to find the key to the house she used to live in. After throwing it into her bag, she went out.

The road conditions were very good. Su Wanwan successfully arrived at the community and followed her memory to the door of the house. She took the key and opened the door.

Unexpectedly, the house was very clean and there was not much dust. It was as if someone was cleaning it regularly. Su Wanwan was a little surprised. Who asked someone to clean? Xiaomei?

Su Wanwan went straight into the bedroom and tried to recall where her camera was installed. But even if there was nothing wrong with her brain now, she still couldn't completely remember the memories she had forgotten when she lived here, so she could only look around the room.

Su Wanwan searched the room for a while and finally found a camera. However, this camera didn't look like the one she bought from a certain cat. Ah, right, besides the camera she installed in the room, it seemed that PEI Munian also installed a camera to monitor her, right?

It was because of the camera that she realized he had been watching her.

This bastard, he didn't even know what the cameras he installed were recording!

Her black eyes rolled around. Su Wan walked around the room again and found the data cable. Then, she turned on the computer, plugged in the data cable, and clicked on the file in the camera with the mouse.

She first looked at the time of the video files and her eyes widened.

The time taken by these cameras was from the first day she moved into this house! It was simply a deliberate test!

Su Wanwan angrily thought, did she forgive PEI Munian too easily? Shouldn't she make him more anxious? The pain she had suffered during that period of time still felt bitter when she thought about it.

Su Wanwan casually opened one of the videos. It basically recorded her daily life and her illness was from light to heavy. After watching these videos, she knew how serious her intermittent amnesia was at that time. It turned out that she did a lot of things and she completely forgot them. If there was no aunt Zhang taking care of her, she definitely couldn't live alone.

However, even so, it could not hide the fact that PEI Munian was monitoring her. Hmph.

However, he said that he had come to see her, so why didn't he take a picture? Was he really lying?

Su Wanwan furrowed her eyebrows and tried hard to recall. At first, she felt a little strange. It was probably after she was three months pregnant. She seemed to feel that someone was accompanying her when she was sleeping, but when she woke up, there was no one.

At that time, did PEI Munian come to visit her?

According to this time, su Wan opened the video later and pulled the progress bar to night time.

1132 Can't forget (8)

Su Wanwan watched several videos in a row until her eyes were sore. She still didn't see PEI Munian's figure in the video. She pouted. PEI Munian must have lied, right? He was deliberately coaxing her!

Su Wanwan was a little disappointed. She moved the mouse and was about to close the video when her hand suddenly stopped.

In the video, a tall figure finally appeared and walked into the room silently. Although the lights were off and it was dark, the camera had night vision, so she could still see the outline of the figure. Even if the face was not clear enough, she could still recognize it at a glance. It was PEI Munian.

So he really did come here before. Ran ran wasn't lying to her.

The gloominess in su Wanwan's heart disappeared in an instant. Looking at PEI Munian's careful appearance in the video, she was more or less touched.

That was the darkest moment of her life, not only because she might not be able to keep her child, but more because she wanted to hate the man she loved the most.

Sometimes, hate was more intense than love, and it was also a more painful emotion. Moreover, she also had to hate the person she loved. That was double torture.

Su Wanwan was thinking about it when the man in the video bent down and gently kissed her lips with endless pity. He was as light as a feather and made her heart tremble.

After that, she saw PEI Munian take the ultrasound photo from her and her fingers slowly touched the photo, but she stopped just as she was about to touch it.

He stared at the photo for a long time, then his hand fell on her slightly protruding belly, and he said in a hoarse voice, "

“Wanwan, let’s give each other another half a month, okay? If Hanhan’s blood clot doesn’t continue to expand and you don’t show any other signs, then I’ll take a gamble with you. We’ll persevere and give birth to the child before we go for the surgery. But if Hanhan’s unfortunate and the blood clot continues to expand, then please forgive my selfishness and I’ll choose to abandon this child. I can lose him, but I can’t lose you.”

I can lose him, but I can’t lose you, Hanhan.

The short video of more than ten minutes made su Wanwan burst into tears.

Even now, she still blamed PEI Munian for being so cruel back then. She kept thinking that if she had not been forced to undergo the surgery, the child might have been born. No matter what the reason was, PEI Munian was still the one who did not want her child.

However, it turned out that PEI Munian was just like her. She had struggled and suffered before, but in the end, she had no choice but to make a choice for her.

He loved her child, but he loved her more than the child, didn’t he?

Su Wanwan’s hand unconsciously covered her mouth. Tears flowed down her cheeks and slowly slid down, falling on the keyboard and making a splash.

Suddenly, footsteps could be heard at the door, followed by a cry of surprise. who are you, Yueyue? Why did you just come into someone else’s house?”

Su Wanwan raised her face with tears in her eyes and looked at the door. She happened to meet the eyes of the people standing at the door and everyone was stunned.

A moment later, the person said in disbelief, ” “Miss su Feifei?”

Su Wanwan was also very surprised. She didn’t expect that she would be able to see aunt Zhang here.

After confirming that it was su Wanwan, aunt Zhang was very happy and smiled, ” miss su, long time no see. How are you? ” I thought you wouldn’t come back here again.”

“It’s pretty good, but Yingluo, why are you here?”

Assistant Wu could tell that the big BOSS was in an extremely good mood today because he had been smiling foolishly the whole morning. He was like a spring breeze. He didn’t even pick on a small typo in the contract he typed out. He just smiled and said, ” be careful next time.

Assistant Wu’s heart felt like it was soaking in warm water.

This proved that Big Boss and young Madam’s relationship was going well. It also proved that he would have a good life in the future. Even if he occasionally asked for leave, went for social gatherings, or went on blind dates, Big Boss would agree readily, right?

After all, he had a happy marriage, so he had to take care of him as a single dog!

Hence, assistant Wu took the opportunity to ask for leave. As expected, the big BOSS approved it with a wave of his pen. He even showed off his happiness at the same time. it's time for you to get a wife to take care of yourself. Look at how wrinkled your suit is. You're my assistant, but you're my face. You'll embarrass me if you go out.

As he said that, he pretended to flick his suit jacket, which was permed well.

Wanwan had personally helped him to scald it.

Hehe, assistant Wu sneered in her heart. So what if you have a wife? If he didn't do all sorts of things for him, would he still not be able to find a wife?

However, even though she was criticizing him in her heart, assistant Wu still put on a flattering smile. you're right, boss PEI.

"You may leave."

".....?"

However, as long as his Big Boss was in a good mood, his life would be better. Assistant Wu was still very happy. He returned to his seat, picked up his phone, and opened his contact list. He was still thinking whether he should ask miss Chen out or miss Wu out. While he was thinking, he caught a glimpse of a figure from the corner of his eye.

The figure approached from afar, his footsteps somewhat hurried.

Assistant Wu looked up, and her eyes suddenly froze. Her heart skipped a beat. Oh my God, why was Wanwan, the young Madam, walking over with tears all over her face?

His good days hadn't even started, but they were coming to an end, were they?

Assistant Wu hurriedly went up to her. young Madam, what's the matter? "

"PEI Munian is inside, right?"

"Uh, Yingluo is Yingluo."

Assistant Wu still wanted to say something, but su Wanwan had already pushed him away with one hand and walked out of the office. He wanted to chase after her, but just as he reached the door, he was hit in the nose by the closed door, making him cry out in pain.

Oh no, he's so angry, this is the rhythm of a fight! Was his hell coming again?

When su Wanwan rushed into the office, PEI Munian was browsing the internet, looking at the various things to pay attention to as a father-to-be during pregnancy. She was a little entranced when she was shocked by the sound of the door closing.

Just as he raised his head, a petite figure rushed over, grabbed his shirt without a word, pulled him up from the chair, and then punched him with her fist.

PEI Munian was beaten up for no reason and was stunned for a few seconds before she finally reacted. She quickly grabbed the person's hand and looked at the familiar figure with her dark eyes. Wanwan, before you hit me, can you give me a reason first? "

However, when his gaze met her red eyes and tear-filled cheeks, his eyes suddenly sank and his gaze became sharp. who bullied you? " Is it mom again?"

Su Wanwan forcefully broke free from his hand and mercilessly punched his chest. She said hoarsely, " it's you! You're the one who bullied me!!

1134 Can't forget (10)

Did he bully her? He was now holding her in his hands, afraid that she would fall and melt in his mouth, so how could he still bully her?

PEI Munian did not stop her from hitting him. She merely hugged her waist and wiped the tears from the corner of her eyes with her fingertips. what did I do to make you unhappy again? "

"You've made me unhappy in so many ways!"

Su Wanwan said hatefully, but her tears still couldn't stop falling, " at that time, you did so many things for me. Why didn't you say it? Why did you buy the house I rented? Why are you accompanying me in silence? Why did you save me and run away? Why did you still come to accompany me when you were so badly injured? Are you an idiot? You only have a mouth, can't you speak?"

She really did not expect that she would find out so many secrets from Auntie Zhang. She also did not expect that PEI Munian would accompany her and protect her so silently.

It was true that he had never given up on her and had a child with her. He had been working hard with her, but Hanhan didn't know anything about it. She still blamed and resented him.

PEI Munian was stunned.

After a moment, he came back to his senses and didn't know whether to laugh or cry. Yingluo, how do you know all this? "

He had never thought of taking credit for these things, because he knew that that period of time was an extremely painful past for her, so he had never mentioned it, hoping that she could forget it and only remember the happy Days.

"I went to that house today and met aunt Zhang. She told me everything."

Su Wanwan glared at him with teary eyes, still indignant. if you had let me know earlier, I wouldn't have blamed you for so long. Do you enjoy being blamed and hated by me? "

"It's all in the past, what's there to talk about?" PEI Munian played it down and rubbed her head with her large palm, pretending to mock her. "You're crying because of this?"

"Go away. Since you're so willing to be a Saint of love, you can do it until you're full. Let me blame you for the rest of my life for what happened to that child!"

Su Wanwan said and reached out to push him away. PEI Munian's arm held her firmly in front of her. Okay, okay, I was wrong. I shouldn't have kept quiet. I should have done something and let you feel bad for me.

"Is there anything else you're hiding from me?"

"There's nothing else,"

"You really don't?"

"I swear, I will not hide anything from you anymore."

"You're not allowed to hide anything from me in the future. You have to tell me everything."

"Yes, sir!"

"Don't cry anymore? You're crying like a little cat." PEI Munian teased her, but her fingertips still wiped her face tenderly. Then, she pressed her thin lips against hers and spoke in a deep and pleasant voice, "no, there's still something I haven't told you."

"What?"

Su Wanwan immediately widened her red eyes and gritted her teeth. what else are you hiding from me? "Hurry up and tell the truth! Otherwise ..."

PEI Munian laughed, her thin lips moved close to su Wanwan's ear, and she said word by word, "that matter was ran ran."

Su Wanwan, Do you know how much I love you?

"When I was at the University orientation, when I was on the podium, when I first saw you in the crowd, when I saw your bright and beautiful smile, this girl was deeply imprinted in my heart, deep into my bone marrow. I can't escape it. For myself, I drew a prison, and then I can't forget it for the rest of my life."

1135 Sweet daily life (1)

Su Wanwan was very bored during her pregnancy and Yu Jia was also very bored during her pregnancy. When they were complaining to each other in the WeChat group, Xiaomei suddenly popped up and said: "Since it's so boring, let's play"

Su Wanwan suddenly widened her eyes and quickly replied with one word, "dirty."

Yu Jia also replied, [dirty +1.]

"You're an unmarried girl, how can you be so dirty!" Su Wanwan quickly added.

Yu Jia didn't want to be outdone. yeah, and you don't have the tools to run away!

".....?"

Xiaomei sent an aggrieved emoji. 'What are you guys thinking? The "lol" I'm talking about is a popular mobile game called Mobile Legends!'

“You two married women are the dirty ones!” Xiaomei continued.

Su Wanwan was dumbfounded.

Yu Jia was also confused.

What the hell was Mobile Legends?

Xiaomei couldn't explain it clearly, so she said, “ go to the mobile phone store and download mobile Legends. You'll know when you play a game. Ah, my teammates are calling me to play a game. I'll leave first. Bye!

What's with the black game, Yingluo?

They were still very young, but why did it feel like they couldn't keep up with the times?

No! In order to prove that they were still very trendy, very [in], and not LOW at all, su Wanwan and Yu Jia went to download mobile Legends!

—

PEI Munian realized that his charm had declined recently. Since su Wanwan got pregnant, she had been bored staying at home every day. What she looked forward to the most was him coming back from work every day, pestering him to take a walk with her, watch TV, or read to her.

But now, he urged him to come back. Su Wanwan was playing with her phone. He ate, su Wanwan was playing with her phone. He took a shower, su Wanwan was playing games. Even when she was lying in bed every night to cultivate their relationship, she was still playing with her phone.

“.....?”

What was going on? Is a phone that fun? Or was su Wanwan fascinated by some young hunks? Was he prepared to let the third male lead the way?

PEI Munian couldn't bear it anymore. She snatched su Wanwan's phone and was ready to see what made her so infatuated!

However, su Wanwan's scream rang in her ears. PEI Munian, what are you doing!

Before PEI Munian could react, su Wanwan had already snatched the phone back and quickly burst out with a second scream. ah ah ah ah, I've been killed!

“.....?”

In the next second, su Wanwan had already kicked him. it's all your fault. I originally had the chance to kill that descendant, but now he killed me. You have to pay for my head!

“.....?”

“Ah ah ah ah, my crystal, it's going to be pushed down! Hurry up and revive!”

As su Wanwan screamed, her fingers quickly slid on the phone screen. Then PEI Munian heard a voice call for a meeting.

Although PEI Munian didn't understand what su Wanwan meant, she could roughly guess that she was playing a game.

So she's been staring at her phone recently because she's been playing games. So, this male third party is a game? But wasn't su Wanwan uninterested in these boys 'stuff? On the other hand, her sister, su Zao, was the one who was mixed in with the boys.

PEI Munian was still thinking about it when su Wanwan let out a wail and then a voice prompt appeared. your team has failed.

Su Wanwan threw down her phone and pounced over to give PEI Munian a round of punches and kicks.

1136 Sweet daily life (2)

PEI Munian was slapped for no reason. She touched her nose and said, feeling wronged, " "Is your game more important than your husband? Beat me up for a virtual character in the game?"

Su Wanwan raised her eyes and said without thinking: "Of course, my game is more important. Do you know how many times I've kneeled? It wasn't easy for them to have a chance to win this game, but you ruined it! It's all your fault! I've already knelt ten times!"

".....?"

it's just a game. If you lose, you lose!

"I don't care, I want to win!"

"It's not a big deal. You won't be angry anymore if I help you win?"

"Ha, do you know how to play?" Su Wanwan unceremoniously despised PEI Munian. He was a proud Son of Heaven. All he came into contact with were things with high taste. He should not have played games before.

"Even you can play? Why can't I?"

PEI Munian's casual words made su Wanwan's eyes widen. Are you looking down on my intelligence?"

PEI Munian quivered and immediately said gently, " no, I mean, my wife is playing. As her husband, of course I have to play with her and fight with her.

"This is more like it."

Su Wanwan was still very happy to be able to pull in a teammate. She very actively took PEI Munian's phone, helped him download mobile Legends, and then guided him to play the novice task.

Su Wanwan had played Mobile Legends for about half a month and thought that she still had some standard, so she patted her chest and said to PEI Munian, " "Don't be afraid, big sister will take you flying."

".....?"

To put it bluntly, Mobile Legends was a tower-pushing game. Each side had five heroes, divided into top, middle, and bottom lanes. Whoever pushed down the other's crystal first would win. There were many heroes in this game, each with different skills. It was important to have a team's combat ability.

It was PEI Munian's first time playing a game, so she wasn't very comfortable at the beginning. Su Wanwan laughed at her in all kinds of ways, saying that there was finally someone who was worse than her.

However, after PEI Munian played a few more rounds and familiarized herself with the rules of the game and the hero's skills, she slowly got used to it.

Because su Wanwan played as a tank, commonly known as meat, she went out to help people take damage, so PEI Munian chose an Archer who could help her hit people from a long distance. So, su Wanwan tried hard to charge every time, and PEI Munian followed behind her to shoot people.

It's just that the King of glory was limited to hand speed and operation. Su Wan's operation wasn't good, so she died many times. She couldn't help but complain again, "niannian, other people's husbands protect their wives. How can you hide behind me?"

PEI Munian glanced at her and replied coldly, "because you're meat.

".....?"

What's wrong with meat? Did meat deserve to die? Can't the meat show off the entire scene?

hehe, I've died so many times. It's clear that you're the one who called me over to cover for you every time. You went to steal kills while I couldn't develop because you stole my kills.

"Don't you feel bad? You told me to go out and die, while you hide in the back!"

"If you, a meaty person, can't go out and carry it, do you want me, a fragile skin, to carry it? He can cut me up as easily as cutting vegetables. If I don't hide behind you, where else can I hide?" PEI Munian replied matter-of-factly, "didn't I also help you kill those people opposite?"

"But you showed off to the whole audience, and I kept dying! You're the only one who's handsome. I'm not handsome at all. How am I supposed to pick up girls?"

"If you're handsome, we'll all be dead." PEI Munian reminded him of the cruel truth.

1137 A mysterious gift (1)

After su Wanwan sorted out the contents of the recording, she contacted those big vs on Weibo and prepared to let them expose all of Xi Zhiwei's evil deeds. She didn't expect that before those big vs had time to post on Weibo, Xi Zhiwei had already posted a personal confession notice.

When Xi Zhiwei's announcement was released, it shocked everyone.

Before this, she played the emotional card and won everyone's sympathy with the face of the weak. Public opinion had always been inclined to the weak, so it was not impossible for her to use public opinion to reduce her crime. No one thought that at this time, she would suddenly overthrow what she said before. She admitted that she did have depression, but it was very mild and had not reached the

point of unconsciousness. So, she lied to everyone. Those two car accidents were also deliberately planned by her to put Su Wanwan to death. Her former manager knew too many of her secrets, so she wanted to kill him to silence him. Unfortunately, she did not succeed. However, she once caused Su Wan's child to die. She miscarried because she pushed her down, causing the child to die in the womb.

Within a short period of time, this announcement was already the top of Weibo's hot search. It was extremely popular.

Su Wanwan looked at the notice and her eyes widened in disbelief. She couldn't believe that Xi Zhiwei would actually admit to her crime. Didn't she still want to hire a lawyer to exonerate herself? With her personality, she could even tell the dead from the living, so how could she not beat herself up and confess?

Those internet celebrities also sent messages one after another, asking, "Do you still want to release this recording?"

Since Xi Zhiwei had already made an announcement, her voice recording was no longer useful. However, it was good that she did not have to post her voice recording. It also saved people from suspecting that she was messing with Xi Zhiwei. After all, everyone knew that Weibo's verified accounts could help you hype up your Weibo with money.

However, she would never believe that Xi Zhiwei would suddenly find her conscience. Who did this to Qianqian?

Su Wanwan's black eyes turned and the corners of her lips rose slightly.

In fact, he didn't even need to think to know who it was, right? Only Nian Nian would do this to Xi Zhiwei, leaving her with no room to turn things around!

But wasn't he very busy recently? Because he had to make time for the wedding and their second honeymoon, he had been working very hard recently. He wanted to make time for a month's holiday so that he could spend time with her.

When she had told him about the recording, he had said that he would deal with it later. She couldn't wait, so she had taken the initiative to contact the internet celebrity. She didn't expect him to be more eager to get revenge than she was.

It was Xi Zhiwei who had caused the death of their first child. She still remembered how scary his expression was when she had called him to listen to the recording. It was as if he wanted Xi Zhiwei to be buried with their child.

Su Wanwan smiled.

So, did PEI Munian settle this matter so quietly to give her a surprise? She liked this surprise.

Su Wanwan took out her phone and looked at the time. It was already 3:30 in the afternoon.

PEI Munian had returned from a business trip today. Because of the delay in her flight, she couldn't be sure when she would arrive, so she told her not to pick him up. But now, she wanted to give Yingluo a surprise.

Su Wan went upstairs at night. After changing her clothes, she carried her bag and went out, heading towards the airport.

—

When PEI Munian walked out of the airport, she saw a bar raised high in front of her.

1138 A mysterious gift (2)

There were a few big words printed on the horizontal strip, “nianniang oppa”, with a big heart next to it. The person holding the horizontal strip was naturally his beautiful little wife.

PEI Munian raised her eyebrows slightly and the corners of her lips curled up evilly.

He strode over with his long legs and stood in front of her. He reached out and pinched her little cheek, smiling. “Didn’t I tell you not to come? Have you been waiting for a long time?”

“It’s alright.”

Su Wanwan blinked her big eyes and smiled until her eyebrows curved. how is it? do you like me? ” I’m using the standards of the young male idol who chased me back then to woo you.”

“.....?”

He was originally quite happy, but he kept calling him a young fresh meat oppa, as if he was an old cured meat.

PEI Munian’s cold eyes swept over her slightly protruding belly and reminded her with a fake smile. you’re already a mother, so stop pretending to be young, okay? The little girl is only calling you oppa, so you should just forget about it. ”

“.....?”

Su Wanwan was so angry that she laughed. it seems that you want to kneel on the washing board tonight and not sleep on the warm big bed.

PEI Munian immediately hugged su Wanwan’s waist and lowered her head to kiss her red lips. Her voice was low and hoarse, with a charming magnetism, and she said very gently, ” “Honey, I missed you so much.”

“Hehe.” Su Wanwan sneered without any trace of politeness.

PEI Munian kissed su Wanwan’s forehead again and rubbed against it affectionately. I was wrong. My Wanwan will always be young and invincible. Even if she’s a mother, she’s a super hot mother.

Su Wanwan still wanted to be angry, but when she thought of how he had dealt with Xi Zhiwei’s matter, she was very happy, so she considered it as a success to make up for her mistake.

“This time, you’ve made a small contribution. I’ll let you off for now.”

A small contribution?

PEI Munian furrowed her brows and a trace of doubt flashed in her eyes. Wanwan, what credit? ”

“Still pretending? The notice has already been released!” Su Wanwan raised her head, her eyes full of smiles. but I’m very curious. How did you make Xi Zhiwei willing to confess? ” She doesn’t look like someone who would dig her own grave.”

However, PEI Munian didn’t understand su Wanwan’s words at all. The confusion in his eyes deepened. Wanwan, what are you talking about? What notice? What confession? Did Xi Zhiwei plead guilty?”

“.....?”

The smile in su Wanwan’s eyes slowly disappeared. PEI Munian’s expression did not look like she was pretending. Did he really not know about Xi Zhiwei?

But if he didn’t know, then Xi Zhiwei’s confession couldn’t have been because she found her conscience, right?

Su Wanwan furrowed her eyebrows and her expression became serious. She nodded lightly. yes, Xi Zhiwei released a personal confession notice at noon. Now everyone knows about the bad things she did. Wasn’t this done by you? ”

When PEI Munian found out that their child had been killed by Xi Zhiwei, he had wanted to deal with her immediately. However, he had been too busy recently and had hurriedly flown to America for a business trip. He had originally planned to deal with this matter when he came back, but he did not expect to hear about it the moment he came back.

“No, I was just thinking of coming back to handle it.”

“Ah? It really wasn’t you!” Su Wanwan’s eyes widened. This answer was indeed unexpected. if it wasn’t you, it’s basically impossible for Xi Zhiwei to confess herself. Then who else could it be? ”

To make Xi Zhiwei admit to her crime was not something that could be done so easily.

1139 A mysterious gift (3)

Countless people immediately popped up in su Wanwan’s mind, but no matter how she thought about it, it didn’t feel likely.

She couldn’t guess who it was for a while, so PEI Munian could only leave the airport with su Wanwan. After they entered the car, su Wanwan was still guessing, ” niannian, I think it’s most likely my sister. She must have heard about me, so she helped me.

Her sister had always doted on her. Even if they had not contacted each other for all these years, she would always help her with anything. And for now, the only person she could ask Xi Zhiwei to confess to her crime easily was her sister.

After all, her sister was the Qin family’s daughter-in-law. Her brother-in-law’s power in the United States could not be underestimated.

PEI Munian did not say anything.

Originally, su Wanwan’s guess wasn’t a big problem. If it was her sister who helped her, it wasn’t impossible. But he thought that her sister shouldn’t have the time to help her at the moment because

he was on a business trip to the United States this time. He heard that ran ran's sister, su Zao, and Qin ye were in the midst of a divorce.

"I'll call and ask now. It should be morning in the U.S. Right now, so it won't affect anything." As su Wanwan spoke, she immediately took out her phone from her bag and was about to make a call.

PEI Munian's arm reached over and snatched her phone away. She said indifferently, "I thought your sister didn't want you to disturb her? Besides, this matter might not be your sister's doing. We'll talk after we've investigated clearly."

He didn't want su Wanwan to know about su Zao's divorce. At the moment, she was pregnant and didn't have much to worry about. Moreover, he thought that with su Zao's character, she wouldn't want Wanwan to get involved in her Affairs.

"But if it's not sister, who else could it be?"

Su Wanwan mumbled, "if it's brother Ziwei, then brother Ziwei shouldn't have any way to make Xi Zhiwei confess, hehe.

PEI Munian glanced at her and smiled. "Did you forget someone?"

Forget a person?

"Who is it?"

"To be able to make Xi Zhiwei confess so easily, other than me, there is another person. That was my mother."

"Mrs. PEI?"

It wasn't that su Wanwan didn't think about it, but she felt that the possibility was too small. She had wanted to help Xi Zhiwei get away with it before, and she hated her so much, how could she help her?

Su Wanwan directly shook her head. it's impossible for her to be in a hurry, right? "

"Why is it impossible?"

"Because she hates me, Yingluo."

but she doesn't hate her grandson. The reason she hates you is because you hurt me and her grandson. Now that everything has been clarified as a misunderstanding, she naturally won't hate you anymore.

After a pause, PEI Munian continued, "I called her yesterday and told her that we will be re-registering next Monday. I hope that she and my father can be the witnesses. I think that the notice of Xi Zhiwei's confession is a wedding gift from her as your mother-in-law. It can be considered as acknowledging you again.

"Really?" Su Wanwan still couldn't believe it.

PEI Munian laughed and patted her head. it's true. Father and mother have accepted you again. So, our wedding will receive everyone's blessings and approval. In the future, our family of three will be very happy.

"Mr. PEI, is there anything you're not satisfied with about Mrs. PEI?"

Mr. PEI's Black eyes narrowed. The only thing he wasn't satisfied with was that she couldn't do it before he was satisfied every night.

Thus, Mr. PEI said shamelessly, " charge it for two hours, and it can last for five minutes.

'F-ck, is the pure advertising message for you to use like this?' Su Wanwan's cheeks quickly flushed red and she criticized in her heart: This damn hooligan!

"Mrs. PEI, what about you?" the reporter asked.

"Charge it for five minutes and last for two hours!" Mrs. PEI answered through gritted teeth.

PEI Munian raised her eyebrows and glanced at Mrs. PEI from the corner of her eyes. She smiled thoughtfully. So she was so dissatisfied because she was not satisfied with his usual behavior?

That night, after Mr. PEI worked hard for four hours, he leaned against the bed and pinched su Wanwan's small chin with an evil smile: "Are you satisfied now?"

".....?"
