Chapter 114 Stay away from my husband (4)

Su Wanwan had always been a glib talker. She could even bring the dead to life. Back then, brother mu Nian was also deceived by her mouth like this, right?

She was going to tear her mouth apart and see how she was going to lie to brother mu Nian in the future!

Xi Zhiwei's eyes flashed with a trace of ruthlessness. She suddenly took a few steps forward and raised her hand, wanting to slap her in the mouth.

Xi Zhiwei was like this every time. When she couldn't win the argument, she would become angry out of embarrassment and start a fight. Su Wanwan had long been familiar with her routine and immediately stopped her hand.

However, just as she was about to grab Xi Zhiwei's wrist, su Wanwan saw the door of the president's office from the corner of her eye. It was being pulled open from the inside.

Was PEI Munian coming out?

If PEI Munian came out and saw Xi Zhiwei hitting her, what would her reaction be?

Although Xi Zhiwei was only the daughter of the PEI family's butler, she grew up with PEI Munian and their relationship had always been special. PEI Munian had always doted on Xi Zhiwei, otherwise, she would not have been so arrogant.

She did not know what Xi Zhiwei meant to PEI Munian. He might like her, but they had not been together for so many years. He might not like her, but he was very good to Xi Zhiwei.

Back then, PEI Munian was surrounded by so many women, but Xi Zhiwei was the one who chased them away. He did not have any objections. At that time, she had always thought that she was thick-skinned enough to not be chased away by Xi Zhiwei and catch up with PEI Munian. Later on, she found out that it was not like that at all.

All in all, Xi Zhiwei and PEI Munian were a very special existence. If she wanted to test PEI Munian's feelings for her, this was a good opportunity!

In that instant, the thoughts in su Wan's mind had already turned back and forth. Her hand directly withdrew, and then Xi Zhiwei's slap, with a PA sound, heavily fell on su Wan's cheek.

The tingling sensation spread and su Wanwan couldn't help but take a deep breath.

Just how much did Xi Zhiwei hate her for her to be so heavy-handed? she could only hope that this slap was worth it!

Su Wanwan was still thinking when suddenly, a crisp slap sounded in her ear, louder than the slap just now!

Su Wanwan subconsciously covered her face and thought that Xi Zhiwei hadn't vented her anger, so she slapped her again. However, after covering her face, she realized that her face didn't hurt. Then who did this slap hit?

Su Wanwan looked up and saw PEI Munian's tall figure standing in front of her. His handsome face was frighteningly gloomy, his eyes were cold and terrifying, and his voice was as cold as ice. He said directly to Xi Zhiwei, "did I tell you not to provoke su Wanwan again?"

Xi Zhiwei, on the other hand, stood at the side with her hands over her face. She looked like a fool as she stared at PEI Munian with her eyes wide open, tears welling up in her eyes.

She had never thought that her brother mu Nian would hit her.

They had known each other for so many years, but he had never even spoken to her loudly before. Now, he had hit her.

Su Wanwan looked at the scene in front of her and was also dumbfounded!

She had thought that if PEI Munian had any feelings for her, he would reprimand her or warn her when he saw Xi Zhiwei hitting her. She never thought that he would return the slap on her behalf so easily!

Moreover, he also said, don't provoke su Wanwan again.

Did that mean that he had warned Xi Zhiwei before because of her?
