Chapter 115 Stay away from my husband (5)

There was a lot of information and su Wanwan didn't react at all. It wasn't until PEI Munian pulled her into the office and threw her on the sofa that she suddenly came back to her senses.

PEI Munian stood in front of su Wanwan and looked down at her. Her eyes were still cold and her voice could not hide her anger. su Wanwan, are you a fool? " When someone hits you, you're just going to stand there and let them hit you?"

Su Wanwan returned to her senses and was frightened by PEI Munian's roar. She stood there and looked at PEI Munian with her big eyes that were still in shock, looking rather pitiful.

All of PEI Munian's anger, when met with su Wanwan's gaze, was like a bloated balloon that was poked by a needle and instantly released.

When su Wanwan called him today, he was in a meeting and his phone was in the office. He only knew that she called after he came back.

In the past few months since they got married, she had always been content with her life and would not disturb him. So, other than the one time she took the initiative to call him about the investment, she had not called him again.

When he suddenly saw her phone, he almost couldn't believe his eyes. He held the phone and looked at it carefully for a long time before he was sure that it was really su Wanwan who called.

He couldn't describe his feelings at that time. It was like Ten Thousand Flowers had bloomed in his heart in an instant.

However, after his joy, he couldn't help but feel a little nervous.

Su Wanwan took the initiative to call him. Could it be like last time, just to invest?

He was hesitating whether to return su Wanwan's call when he suddenly heard a loud noise outside. Because the sound insulation in the office was excellent, he didn't know what was going on outside, but he could still faintly hear the voices of two people.

One of them was Xi Zhiwei, who had been waiting for him outside. The other Wanwan seemed to be su Wanwan.

Not only did su Wanwan take the initiative to call him, but she even took the initiative to come to the company to find him?

PEI Munian's heart suddenly started to throb. Before she could confirm it clearly, her footsteps had already unconsciously walked towards the office door. Unexpectedly, when he opened the office door, he saw Xi Zhiwei slapping su Wanwan's face.

At that moment, his mind was completely blank and he was only left with one instinct. He took a step forward and slapped Xi Zhiwei's face!

He had been taught to be a gentleman since he was young. He also felt that men should be gentlemanly, but even if they were gentlemanly, he would never show mercy to anyone who hit his woman, even if the other party was a woman!

PEI Munian took a deep breath and suppressed the anger in her heart. He squatted down and reached out to pinch su Wan's chin. He turned his face slightly and looked at her red and swollen cheeks. His voice was still a little cold and hard. does it hurt? "

PEI Munian's aura was too strong, especially when he was still angry. Even if su Wanwan's face hurt, she reflexively shook her head and said it didn't hurt.

However, just as she was about to shake her head, she suddenly remembered the purpose of her visit today. Her black eyes rolled quickly, and her shaking head became a nodding. Then she said weakly, " it hurts.

PEI Munian's eyes quickly sank and su Wanwan's heart beat faster!
