

Deeply 117

Chapter 117 Stay away from my husband (7)

Although su Wanwan mustered up the courage to say this, after she said it, she didn't dare to look at PEI Munian at all. Her head hung low and she was extremely nervous.

Stay away from my husband, Yingying.

A few light words entered PEI Munian's ears, as if a heavy mountain was pressing down. PEI Munian's eyes narrowed and she looked at su Wan. Her breathing seemed to have stopped.

Did su Wanwan really say this?

I thought she didn't care about this marriage? Wasn't she always thinking about getting a divorce? Wasn't she only doing this for the SU group's investment? Why would she say such things to Xi Zhiwei?

PEI Munian's entire body trembled, and an uncontrollable excitement surged up. He tried his best to restrain himself and maintain a cold expression on the surface. Pretending to be nonchalant, he asked, "do you really hope so?"

Su Wanwan secretly raised her eyes and peeked at PEI Munian's expression, trying to find some clues from his handsome face to see if he was angry or happy.

If he had feelings for her, he would be happy when she declared her ownership, right?

Unfortunately, she couldn't see anything after looking at it again and again. She pursed her lips, and her heart became more and more uncertain. However, the arrow was already on the bow and had to be fired. She hesitated and slowly nodded.

Su Wanwan's actions only lasted for a few seconds, but to PEI Munian, it felt like a century had passed.

She hoped that Xi Zhiwei would stay away from him. She would start to protect their marriage and she would start to acknowledge him as her husband.

His heart was filled with wild joy, so much so that he could no longer pretend to be cold. There was a touch of gentleness between his brows, and his lips curled up. He said gently, "Wei Wei is only a younger sister."

Su Wanwan was stunned by this sudden sentence but quickly reacted. PEI Munian was explaining his relationship with Xi Zhiwei to her, so did Wanwan mean to let her rest assured?

Then, he wasn't angry about her declaring her sovereignty, right, Yingluo?

Su Wanwan blinked her big eyes, her heart thumping against her chest. She was one step closer to her guess.

Su Wanwan suppressed her heart that was about to jump out and smiled softly. I know.

PEI Munian was stunned by su Wanwan's smile. He quickly lowered his eyes to hide the infatuation in his eyes and said in a clear and elegant tone, "you called me in the afternoon and then came to the company. Is there anything?"

After PEI Munian's reminder, su Wanwan finally remembered that she was here to treat PEI Munian to a meal and took the opportunity to test her.

Now that there was an unexpected gain, the next thing was, of course, to have a meal together and see if they could test each other more. Even if they couldn't, it was good to cultivate feelings.

She had almost given up. She had always thought that PEI Munian hated her because of something. She kept it in her heart all the time, which caused her to be so deeply trapped in this situation that she could not break out of it. She had also neglected many other things.

Now that aunt Wu had pointed her out, she had seen the hidden concern and care that PEI Munian had for her. After what had happened today, the small spark in her heart had quickly turned into a raging fire.

She thought that aunt Wu was right. Since she and PEI Munian were already married, they had to lead a good life in the future. She shouldn't be too hung up on the past and should try her best to make PEI Munian not be too hung up on the past. Back then, she was able to catch up to him. Now, there was still hope for Yueyue to make him fall in love with her, right?
