Chapter 138 I want to live a good life with you (8)

As if to prove herself, Xi Zhiwei took out her phone from her bag and waved it at su Wanwan. I'll call brother mu Nian now and see if he sees me!

After saying that, Xi Zhiwei directly called PEI Munian's cell phone.

Su Wanwan's words just now were actually just to attack Xi Zhiwei. She didn't know if PEI Munian had seen her these days, but seeing her call PEI Munian, she was 100% sure that PEI Munian didn't have an apprentice. Otherwise, how could Xi Zhiwei not know that PEI Munian lost her phone and had not gotten her number back?

Thinking of this, su Wanwan's suspended heart fell a little.

If PEI Munian didn't meet anyone, perhaps he was really very busy. She shouldn't be suspicious of him over such a small matter and should believe him.

Su Wanwan couldn't be bothered to watch Xi Zhiwei's self-embarrassing drama. If she couldn't see PEI Munian today, she could come back another day, or wait for him to finish his work and meet at home. It was the same.

Su Wanwan picked up her luggage and was about to leave. However, she didn't expect Xi Zhiwei's call to go through. Xi Zhiwei called out in a sweet voice, " brother mu Nian.

Su Wanwan's footsteps instantly stopped!

—

PEI Munian knew that su Wanwan was returning to L city today, but she didn't expect her to come to the company to find him as soon as she got off the plane.

However, thinking about it, this was not strange. Wasn't she in a hurry to please him now and wait for him to fall in love with her again before she proposed to hold a wedding and let the whole world know that the PEI family and su family were connected by marriage? if the PEI family corporation could protect the SU family, her su family would be able to rise and soar.

It wasn't that he couldn't help concubine su. He had even accepted su Wanwan's purpose of staying by his side. She used him, so he let her use him. But why did she still have to deceive his feelings even though she had already used him?!

Just like that year, she gave him hope and gave him a heavy blow.

In the past three years, he had thought that she would change a little, but she had not changed at all. She had always relied on other people's love to control and play with other people's feelings!

PEI Munian closed her eyes. The words that Su Zhenhua had said at the door of the private room that night appeared in her mind uncontrollably. Her hands clenched into fists.

Su Wanwan, who didn't have feelings, wanted to control him with the help of feelings. How ridiculous was that?

The phone on the table suddenly rang. PEI Munian opened her eyes and glanced at the screen. The name 'Wei Wei' popped up on the screen. A trace of impatience flashed across his eyes. He grabbed the phone and was about to reject the call, but his fingers trembled and he accepted it.

Xi Zhiwei's soft voice immediately came from the phone. brother mu Nian.

PEI Munian's lips twitched, her voice emotionless. what is it? "

"Brother mu Nian, have you forgotten? I've asked you out for dinner today!"

Eat?

PEI Munian thought about it and realized that there was such a thing. A few days ago, when he returned to the old residence, his mother somehow knew that his relationship with Xi Zhiwei had been tense recently. She became the peacemaker and asked him out for a meal on behalf of Xi Zhiwei.

However, he did not have the patience to entertain her now. Just as he was about to reject her, Xi Zhiwei hurriedly added, " brother mu Nian, I'm already downstairs at your company.
