Chapter 139 I want to live a good life with you (9)

Downstairs of the company?

PEI Munian's Black eyes narrowed and his fingers subconsciously tapped on the chair's armrest. He pondered for a while and asked, "is su Wanwan still there?"

When she heard su Wanwan's name, Xi Zhiwei was unhappy. She puffed up her cheeks but did not dare to be angry. She could only answer truthfully, "she's here."

PEI Munian paused for a few seconds before saying, "then you can come up."

Xi Zhiwei was stunned for a moment. She almost thought that she had heard wrong. She blinked her big eyes and her voice trembled. brother mu Nian, you, you want me to go up?"

"What's wrong? Don't you need to eat?"

"Yes, we do need to eat!" Xi Zhiwei nodded her head and smiled. I'll go up now. Wait for me!

After PEI Munian hung up the phone, she threw it back on the table. She stared at the phone for a few seconds and suddenly felt that she was ridiculous.

Every time he was hurt by su Wanwan, he could only use this kind of childish means to cover his heart. This way, he wouldn't lose in front of su Wanwan.

—

Xi Zhiwei put away her phone and looked up. She saw su Wan, who was stunned in place. She raised her chin and said triumphantly, "how is it?" I've already told you that brother mu Nian will meet me as long as I want to see him. He's asking me to go up now since we're going to have dinner together later!"

Su Wanwan really didn't expect that PEI Munian didn't want to see her, but promised to intern Zhiwei. More importantly, Xi Zhiwei directly called his mobile phone.

Wasn't he so busy that he didn't have time to make a new card? Why could he still make a phone call? Unless PEI Munian had bought a new number, but that number didn't tell her Yingluo.

Previously, she was still optimistic and thought that PEI Munian was really busy and did not answer her calls or see her. However, at this moment, she knew that everything was just an excuse.

However, she did not understand why Pei Munian was so cold to her all of a sudden.

Su Wanwan was silent and her face was a little pale. Xi Zhiwei looked very comfortable. She could finally hold her head high in front of su Wanwan.

She laughed even more proudly. su Wan, I'm going to return what you said to me that day to you now. Don't pester brother mu Nian shamelessly. He was only forced to marry you because of your despicable means. Don't think that he really likes you. You'd better consciously stay away from him!

As Xi Zhiwei spoke, she unceremoniously reached out and pushed su Wan away. Then, she stepped on her high heels and walked over with her head held high!

Su Wanwan staggered to the side after being pushed by Xi Zhiwei. Her lower back slightly hit the counter and there was a slight pain. Su Wanwan's beautiful eyebrows fiercely furrowed, but it was not her body that hurt, but her heart.

PEI Munian's sudden change really confused her. She couldn't understand what went wrong with Wanwan.

They were still so sweet on their last phone call, Yingluo.

Su Wanwan watched as Xi Zhiwei walked into the elevator happily. The hands hanging on both sides of her body clenched tightly.

No matter what, she had to die knowing why. Since PEI Munian did not allow her to go up, she would wait downstairs until he came down!

Su Wanwan pursed her lips, pulled her luggage, and sat down on the sofa in the company lobby.

The elevator went straight to the highest floor. The elevator door opened and Xi Zhiwei walked out. She did not go straight to the office. Instead, she stood in place and took out a powder box to touch up her makeup.
