Chapter 141 I want to live happily with you (11)

When assistant Wu pushed open the office door with the documents in her arms, she saw PEI Munian standing in front of the floor-to-ceiling window. Her dark eyes were staring out the window as if she was in a daze.

During this period of time, he had often seen the big BOSS in such a state, as if he had lost his soul.

He had only seen him like this three years ago. At that time, he had just started working for him, so he didn't know much about him. He only knew that his Big Boss had first-class work ability, strength, and boldness. He was completely different from those rich second generation ancestors who only knew how to rely on their family's money and power.

He was very proud to work under such a boss.

However, he would occasionally be in a daze. He would sit in the huge office and look at the ring on his neck for a few hours. He would be shrouded in a thick layer of sadness that would not dissipate.

The first time he saw her like this, his eyes were filled with disbelief. He could not imagine that the young, promising, and high-spirited PEI Munian in the eyes of the public could also have such a sad side.

He couldn't figure out what could stump this proud Son of Heaven until he heard him speak the truth after drinking.

It turned out that no matter how powerful Yingluo was, she couldn't overcome a love barrier.

Three years later, Big Boss returned to the country and met the woman of his life again. They got married, and he thought that everything would get better. However, after Hanhan got married, he wasn't as happy and blissful as he thought. His relationship with the young Madam had always been at loggerheads. It wasn't easy for them to calm down a while ago, but after Big Boss went to city A, things went back to how they were before, and they seemed to be even worse than before.

Assistant Wu couldn't help but sigh again. The number of times he had sighed in the past week was more than the number of times he had sighed in the past three years!

Assistant Wu walked into the office and placed the documents on the table. He looked at PEI Munian's back view and hesitated for a moment before saying softly, "boss PEI, young Madam is still waiting for you downstairs. She's been waiting for hours, Wanwan."

PEI Munian tilted her head and looked at assistant Wu coldly.

Assistant Wu's heart trembled unconsciously. However, she gritted her teeth and continued, "boss PEI, I think that it's normal for couples to have conflicts. If there's any unhappiness or misunderstanding, we can talk it out face to face and it'll be fine. If we keep it to ourselves and keep it to ourselves, we won't be able to live, right?"

PEI Munian scoffed coldly as soon as assistant Wu finished speaking. He turned around and looked at her. assistant Wu, when did you change your career and become a relationship analysis expert?"

“Boss PEI, I can see that the young Madam is very sincere. She’s been calling you every day for the past week, reminding you to take care of your health. I think young Madam still cares about your Hanhan.”

However, assistant Wu did not know which sentence she said was wrong. PEI Munian’s face suddenly sank and her voice was as cold as ice. get out!

Assistant Wu immediately shut her mouth and didn’t dare to say another word.

As soon as he stepped out of the office, he heard a crashing sound in the office, as if something had been flipped over.
