Chapter 148 I want to live well with you (18)

"I don't care. Brother mu Nian and I are just having a meal. What has it got to do with the reporters? If they like to shoot and write, let them be. I'm more willing to let them write!"

Tonight's victory was in sight. If something really happened between her and brother mu Nian, it would be even better if the reporters could take a picture of it!

"If there's nothing, don't bother me!"

After Xi Zhiwei finished speaking, she was about to hang up the phone.

Sister Li was immediately angry. She was willing to take care of Xi Zhiwei in the first place because she had some relationship with the PEI family. She also saw that she was obedient, so she did her best to promote her. She didn't expect that once Xi Zhiwei became famous, she began to be arrogant and domineering. She didn't even listen to her!

If she was really the PEI family's daughter, she would be wary of her, but she was just the daughter of a Butler, and she dared to be so arrogant.

Sister Li's patience had run out, and the words that came out of her mouth were not pleasant to hear. Xi Zhiwei, you're famous now, so I'm more or less accommodating to you. However, I'm accommodating you not to let you take a mile after taking an inch. You have to know that if I can help you rise, I can also make you fall. If you still want to stay in the entertainment industry, then you can leave dynasty now. Of course, if you want to destroy your future, I won't care about you!

From the moment Xi Zhiwei started working for sister Li, she had never said anything harsh to her. She had always been coaxing her and going along with her. Now that she was suddenly so sharp, Xi Zhiwei's face suddenly turned green and white, and her chest felt like it was being blocked.

"Are you threatening me?"

"I'm not threatening you. It's the truth. You don't have any background. I raised you with my resources. If you don't listen to me, why should I serve you? There are a lot of people like you out there. If I can make you famous, I can make others famous too. You should think about it yourself!"

Sister Li was too lazy to say anything more to her and hung up the phone.

The beeping sound rang in her ears. Xi Zhiwei's hand gripped the phone tightly and her face was extremely ugly.

Although sister Li's words were harsh, she had to admit that she was right. She did not have any background. It was not easy for her to get to where she was today. If she was not careful, she could be destroyed by the scandal.

Unless she had the confidence that she could settle PEI Munian tonight and make him willing to take responsibility for her. However, she was not confident about Wanwan.

Xi Zhiwei bit her lower lip hard. No matter how she thought about it, she could not accept it, but she could not afford to take the risk. Therefore, she could only give up this opportunity. However, as long as she was alive, she would have hope!

She would definitely find another chance!

Xi Zhiwei returned to the main hall and apologetically told PEI Munian that she had something urgent to attend to and had to leave first. PEI Munian did not have any reaction and only nodded.

Xi Zhiwei was a little disappointed. If only he could make her stay.

—

After Su Wanwan confirmed that Xi Zhiwei had left through the back door, she sent the money to the extras she hired to play the reporter and asked them to leave.

Since Xi Zhiwei and PEI Munian could not eat, PEI Munian would come out soon. She would just wait!

Sure enough, after waiting for a while, she saw PEI Munian's tall figure slowly walking out. She hurriedly called out to him, " PEI Munian!

PEI Munian's footsteps seemed to stop for a moment, but it also seemed like she didn't. She continued to walk with big steps.

Su Wanwan had no choice but to chase after him with her luggage. When she went down the steps, she didn't pay attention to her feet and fell to the ground.
