Chapter 150 I want to live well with you (20)

People came and went at dynasty's entrance, and the number of onlookers gradually increased.

PEI Munian looked at su Wanwan's Rascal-like appearance and the blue veins on her forehead twitched slightly. He really couldn't understand why he took a fancy to her shamelessness in the first place.

There was clearly nothing good about her, but he still fell hopelessly in love with her.

PEI Munian took a deep breath, reached out, and carried su Wanwan in her arms. Then, she instructed the waiter to take her luggage and turned to walk towards the car.

Su Wanwan was a little surprised that her body suddenly rose into the air. Soon, the corners of her lips rose slightly, her slender arms wrapped around PEI Munian's neck, and her head leaned on his chest.

Su Wanwan's action made PEI Munian's hand stiffen slightly. The next second, he strode to the front passenger seat of the car, opened the door, and threw su Wanwan in without any pity, as if he didn't want to be in contact with her for another second.

Su Wanwan's beautiful eyebrows furrowed slightly. Although PEI Munian didn't leave her behind, she was still more or less worried when she saw his attitude towards her.

PEI Munian slammed the door open and walked to the driver's seat. She opened the door and sat in the car. She started the engine and stepped on the accelerator, and the car sped away.

Su Wanwan originally intended to have a good talk with PEI Munian, but his face was tense and the car sped up, getting faster and faster. Su Wanwan couldn't help but swallow her saliva and unconsciously tightened her grip on the seat belt in front of her. Her voice trembled slightly, " PEI Munian, don't drive so fast.

It was as if PEI Munian didn't hear her words. The speedometer rose all the way. Su Wanwan's entire heart was beating fiercely and she couldn't say anything.

after driving for a long time, the car finally came to a stop. the tires screeched as they rubbed against the ground. pei munian did not even look at her. her thin lips parted slightly and she spat out two words coldly, " get out of the car! "

Su Wanwan sat there in a daze. Her face was a little pale. She was still in shock and couldn't react at all.

PEI Munian waited for a while. Seeing that she had no reaction, he directly pushed the door open and got out of the car. He went around to the door on her side, opened it, quickly unbuckled her seat belt, and pulled her out.

Su Wanwan then realized that PEI Munian had driven the car back to the villa.

He walked to the back of the car, took out her suitcase, and put it on the ground. Then he walked to the door of the driver's seat again.

Su Wanwan looked at PEI Munian's series of actions in a daze. When he opened the car door again and was about to sit in, her whole body suddenly quivered and she instantly came back to her senses.

PEI Munian still wanted to leave. She had not asked him what exactly had happened. If he left like this, she did not know if she would be able to see him again.

No, I can't let him leave like this!

Su Wanwan quickly raised her feet and walked over in a few steps. She pressed the car door that PEI Munian had opened back in. Her black eyes stared at him and her voice was soft. PEI Munian, you're already home. Don't go out. Even if you're busy with work, you still need to rest.

PEI Munian's dark eyes swept across her face, then slowly landed on her leg. Her lips curled into a mocking smile. didn't you break your leg? I see that he's quite nimble."

A trace of awkwardness flashed through su Wanwan's eyes. She was in a hurry just now and forgot about this matter.

PEI Munian did not seem willing to say anything more to her and continued coldly, " "Get out of the way."
