Chapter 154 I want to live well with you (24)

Although Xi Zhiwei had left that day, due to the renewal of her endorsement contract with the PEI family, Xi Zhiwei and PEI Munian had been attending banquets together from time to time. It was inevitable that they would have some intimate actions, and the reporters would make groundless accusations about their relationship.

This was the usual way celebrities hyped things up to attract people's attention. The people from the endorsement companies would usually cooperate, which was equivalent to promoting their own company.

However, PEI Munian had always kept a low profile and did not like to create hype. The PEI family corporation did not need this to increase their popularity, so whenever such news came out in the past, they would immediately deal with it and not let it leak out. However, he did not care about it now. Thus, for the past few days, the matter between him and Xi Zhiwei had been spreading like wildfire. It was as if the two of them were really together.

Since the last time they talked about cooperation, Xiaomei had already turned from a fan to a passer-by. Now that Xi Zhiwei knew that PEI Munian was a married woman, she still did not know how to avoid it. She turned from a passer-by to a passer-by and said indignantly, sister Wanwan, you're spending a lot of money on your mother-in-law here, but boss PEI is publicly showing off his love for Xi Zhiwei. This is too much!

After all, Xiaomei was su Wanwan's assistant. Outsiders didn't know how su Wanwan and PEI Munian got along after they got married. She and su Wanwan got along day and night and could more or less see that their relationship wasn't good, especially in the first month of marriage. Even though the PEI group invested in SU group one after another, she couldn't see any joy and smile on su Wanwan's face. She even actively wanted SU group to develop on its own. Wasn't it just to leave the PEI family group?

Later, before su Wan went on a business trip, she seemed to feel that their relationship began to ease. Su Wan's face had a smile and her eyes began to flash with light. Her whole person suddenly took on a new look from the previous lifeless state, and there was a touch of sweetness between her eyebrows.

She looked like a little woman who had been nourished by love.

She thought that su Wanwan would finally be able to live a good life with boss PEI. However, it had only been more than a week. Su Wanwan had only returned from a business trip for a week, and boss PEI was already rumored to be with another woman.

Xiaomei was filled with righteous indignation, but su Wanwan's expression was indifferent.

It was not that she was not afraid that PEI Munian and Xi Zhiwei would turn their act into reality, but she knew that it was useless to be afraid.

Instead of wasting time here in fear, she might as well turn it into actual action. She believed that she could still win PEI Munian back.

As for Xi Zhiwei, she had lost to her in the past, and now, she would still lose to her!

Su Wanwan curved her lips and smiled. okay, don't gossip anymore. I still have to go and pick out some nutritional supplements. Let's go.

—

PEI Munian returned to the PEI residence at around six in the evening. Mrs. PEI looked past him and looked left and right behind him, but did not see her new wife. A trace of dissatisfaction surfaced in her eyes. why is Wanwan still not here today? " Don't tell me he went on a business trip?"

PEI Munian walked in and sat on the sofa. As if she had not heard Mrs. PEI's words, she said, " "Where's dad?"

Mrs. PEI wasn't stupid. She could sense that something was wrong with her evasive attitude. Munian, tell me, how are you and Wanwan getting along? "
