Chapter 159 A fight at the head of the bed and at the end of the bed (1)

As the sun set in the West, a cool breeze blew by, causing PEI Munian's mind to gradually wake up. He closed his eyes and took a deep breath. When he opened his eyes again, his eyes had returned to their usual calmness.

He couldn't let himself fall into su Wanwan's sweet offensive again. He couldn't let himself be led by the nose again.

Otherwise, he would knowingly commit the same mistake again.

PEI Munian's eyes were filled with sorrow as she thought about it.

—

When they were eating, PEI Munian's face was still expressionless. Her whole body was cold and made people retreat. Su Wanwan wanted to get close to him, but she was scared by his indifference and hesitated.

However, when she thought of what Mrs. PEI had said to her, she suddenly felt more confident. She mustered up her courage and picked up a dish that PEI Munian liked with her chopsticks and placed it in his bowl.

PEI Munian's actions paused for a moment, but it disappeared in an instant. She continued to eat, but it was as if he did not see the dish she had picked up. Until he finished eating, he did not eat it.

After the meal, PEI Munian and su Wanwan accompanied father and mother PEI to sit for a while. PEI Munian got up and wanted to leave. Su Wanwan quickly stood up as well.

Mrs. PEI grabbed PEI Munian's hand and said unhappily, "Every time you come back, you'll leave in a hurry before you can even stay for a few hours. Do you really not want to see your dad and me that much? No, you have to stay here tonight and spend more time with your dad and me."

PEI Munian furrowed her brows. mom, I still have something to do at the company.

"There are things to do every day, why are there so many things? We have so many employees in the PEI family corporation, can't we handle this? If you do everything by yourself, you won't even have family ties." Mrs. PEI got angry as she spoke. if that's the case, then what's the point of the company supporting them? It's better to fire them all!"

PEI Munian's brows furrowed even more. mom, I really have something to do.

He looked at the watch on his wrist and said, "I have to go."

Seeing that she could not convince PEI Munian, Mrs. PEI turned to father PEI and complained, "old PEI, say something. Look at your precious son. He only has work in his heart and doesn't even care about his home.

".....?"

Mr. PEI was a man who had been through a lot. He was not afraid of anything except for his wife's pestering. He looked at Mrs. PEI with a headache and saw that she was winking at him. He had no choice but to say, "Munian, if it's not something urgent, you can deal with it tomorrow. Stay over tonight and accompany your mother."

Father PEI opened his mouth. Although PEI Munian did not want to stay, she could not refute her father. He furrowed his brows and could only agree.

Mrs. PEI's expression immediately brightened up, and she said happily, "then stay over to sleep tonight. I'll get someone to tidy up your bed now."

After saying that, Mrs. PEI did not wait for PEI Munian's reaction. She stood up and went to instruct the servants.

Su Wanwan's hands that were hanging on both sides of her body unconsciously clenched. Her heart trembled a little. Was she going to sleep in the same bed as PEI Munian again tonight?

After about ten minutes, Mrs. PEI turned back and saw that su Wanwan was the only one left on the sofa in the living room. She couldn't help but ask, "where are the father and son?"

"They went to the study." Su Wanwan replied.

Madam PEI nodded and smiled, Wanwan, mom helped you fight for a chance. You have to perform well tonight.
