Chapter 161 A fight at the head of the bed and at the end of the bed (3)

Su Wanwan gritted her teeth and followed after her. She said as she walked, " PEI Munian, I was just joking about what I said just now. I'm not serious.

Su Wanwan's words had just fallen when PEI Munian stopped without warning. Su Wanwan was not careful and ran straight into him. His back was hard and she couldn't help but frown.

However, before she could care about the pain, PEI Munian suddenly turned around. It was as if a storm was brewing in her dark eyes as she stared straight at her. Her eyes were dark and terrifying, and her voice was as cold as ice. you're not serious? That's right, su Wanwan, no matter what you do, no matter what you say, you're always just joking. You're never serious."

This was how she acted when she pursued him back then. This was how she acted when she took the initiative to please him. Even the words she said to him just now were like this, right?

When did she, su Wanwan, ever have any sincerity? Even if she did, she would not use it on PEI Munian!

PEI Munian's sudden anger startled su Wanwan. She didn't know that her words would make him so angry. Her mind went blank for a moment and she looked at PEI Munian in a daze, unable to react.

Seeing her like this, the anger in PEI Munian's chest burned brighter and brighter. He opened his mouth and wanted to continue to say something to vent his unwillingness and anger on her. However, his hands that were hanging by his sides clenched tightly and pressed down.

He didn't want su Wanwan to see his humbleness, to see him begging for love in a sorry state, like a pitiful worm.

PEI Munian's Black eyes closed and his chest heaved up and down violently. He opened his eyes again and no longer looked at su Wanwan. He turned around and walked towards the door of the room.

He couldn't stay in the same space as su Wanwan for a moment. Otherwise, he really didn't know if he would lose control and do something.

It had always been the most bitter thing to love but not get it. But when he got it, it was still so bitter because he had to guess what she really wanted behind her every word and every action.

He was very tired, really very tired.

PEI Munian's steps were hurried and big. She reached the door of the room in the blink of an eye. Su Wanwan suddenly returned to her senses. She didn't have time to think about anything. She only subconsciously stepped forward and grabbed PEI Munian's arm, stopping him from leaving.

She did not understand why Pei Munian was so angry because of this joke, but she knew that she could not let him go. Otherwise, not only would she let down the opportunity that Mrs. PEI had created for her, but it would also be impossible for her to reconcile with PEI Munian.

As su Wanwan thought about it, she increased the strength of her hand. She was afraid that PEI Munian would disappear from her sight if she was not careful.

PEI Munian glanced at su Wanwan's hand. Her handsome face was tight and she said coldly, "Let go!"

"I'm not letting go!" Su Wanwan shook her head without any hesitation. She clenched her hands even tighter and hurriedly said, "PEI Munian, don't be angry, okay? I know I shouldn't say that you're not cute and difficult to deal with. Actually, you're very cute and not difficult to deal with at all, really!"

In order to prove what she said, su Wanwan especially nodded her head at PEI Munian with great sincerity.

".....?" PEI Munian's gaze turned colder, as if she had heard something funny. She sneered. "Su Wanwan, are you really stupid or are you pretending to be stupid?"
