

Deeply 165

Chapter 165 A fight at the head of the bed and at the end of the bed (7)

He didn't know if PEI Munian was so drunk that she had fallen asleep, but she didn't have any reaction.

Xi Zhiwei could not help but lean even closer, half of her body pressed against his. Her red lips were close to his ear, and her breath was as sweet as an orchid. In a soft voice, she asked, "brother mu Nian, are you asleep?"

PEI Munian furrowed her brows, but she still did not move.

There was a flash of light in Xi Zhiwei's eyes.

Today, she called her mother and found out from her that PEI Munian and su Wanwan returned to the old house last night. At that time, her heart instantly clenched. She thought that the two of them had made up again, but her mother quickly told her that the two of them came back one after the other. And looking at PEI Munian's attitude, it seemed that su Wanwan came back on her own accord.

Xi Zhiwei immediately clutched her phone tightly and asked her mother to tell her everything that had happened last night. After listening to everything, Xi Zhiwei's lips could not help but curve upwards.

PEI Munian and su Wanwan actually slept in separate rooms. PEI Munian even left su Wanwan alone early in the morning and left the old house.

Previously, when she saw how PEI Munian protected su Wan, even warned her and even slapped her for her sake, she thought that PEI Munian really cared about su Wan that much. She didn't expect that things were not what she imagined.

PEI Munian and su Wanwan didn't just have a little conflict, it was even more serious.

The worse their relationship was, the happier Xi Zhiwei was. This meant that she had a chance to take advantage of this and capture PEI Munian's heart.

In the past, she had always felt that companionship was the most long-lasting love. As long as she stayed by PEI Munian's side, he would naturally see her. Now, she realized how wrong she was!

It was precisely because she was too passive that su Wanwan took the initiative, causing her to be in a weak position. So, she would no longer be so silly as to wait for PEI Munian to look back at her. She wanted to take the initiative and become PEI Munian's woman!

Didn't su Wanwan also get him like this? If she could do it, she could do it too!

She knew that PEI Munian had a dinner appointment today, so she found an excuse to go.

The people who came today were all old friends and did not have any restraints. Everyone was very open and drank fiercely. If it was any other time, PEI Munian would not participate in such a drinking session. However, today, he was out of his character and drank wildly.

The last time she missed the opportunity, Xi Zhiwei had always been indignant and upset. She had always wanted to find another chance to get close to PEI Munian. She did not expect that the opportunity would come to her again.

Xi Zhiwei's heart trembled with excitement. She bit her lower lip and restrained herself. She continued to call out to PEI Munian gently, " brother Munian, wake up. Brother Munian, sob.

After making sure that PEI Munian was drunk, Xi Zhiwei's smile deepened. Her voice was still as soft and sweet as before. brother Munian, you're drunk. Let me help you to rest.

As she spoke, she placed PEI Munian's hand on her shoulder and helped her up. They slowly walked out of the private room and headed to the guest room upstairs in Dynasty Tower.

—

Su Wanwan wanted to get drunk. It was best to drink until she was unconscious. This way, she could not think about anything and not know anything. But the irony was that the more she drank, the more sober she became. The more she didn't want to think about PEI Munian, the more his shadow lingered in her mind and couldn't be removed.

Su Wanwan finished all the wine on the table and then asked someone to bring more wine. However, her voice was too soft. She called for a while but no one came. She could only support her body with the table and walk out unsteadily, planning to go out and call.
