Chapter 166 A fight at the head of the bed and at the end of the bed (8)

Su Wanwan walked out of the private room but did not see the waiter. She walked along the corridor and had just taken a few steps when she saw PEI Munian and Xi Zhiwei snuggling together and walking past her.

Because they were facing Su Wan sideways, they didn't notice her. Su Wanwan also couldn't see their expressions, but she could clearly see such an intimate posture.

She stopped in her tracks and her eyes widened.

She watched them walk past, but they didn't walk towards the door. Instead, they walked towards the elevator.

There were guest rooms all over Dynasty Tower. PEI Munian and Xi Zhiwei did not leave after dinner but took the elevator up. What were they doing?

Suddenly realizing something, Su Wan's heart suddenly thumped. PEI Munian couldn't be going to get a room with Xi Zhiwei, right? Did he really think that she, Su Wanwan, didn't exist?

Just now, she had forced herself to open and close one eye to ignore the intimacy between him and Xi Zhiwei. How could he be so overboard?

No matter what their relationship was, he was still a married man. He was still her husband. Where did he put her?

If it were any other situation, she might be able to tolerate it, but this was something she would never tolerate!

Su Wanwan bit her lower lip hard with her pearly white teeth, clenched her hands into fists, and raised her feet to catch up.

PEI Munian and Xi Zhiwei had already walked into the elevator and the door closed slowly. She could not make it in time and could not help but knock on the door. When she saw the elevator going up to the next floor, she quickly pressed the door of the elevator next to hers and walked in, clicking on the same floor.

When Su Wan reached that floor at night, she could no longer see PEI Munian and Xi Zhiwei. There were almost twenty rooms on this floor and she had no idea which room they went to.

If she were to search room by room, it would be too unrealistic and time-consuming. Who knew if PEI Munian and Xi Zhiwei had already done something to let her down during this time!

No, she had to race against time and not let them have time to do anything!

Su Wanwan looked left and right. There was an alarm on the left wall and a fire extinguisher next to it. It was prepared by the hotel in case of a sudden fire.

Su Wanwan's Black eyes fell on the alarm. Her eyes flickered and then she resolutely walked over.

She staggered a little, but she still walked over firmly.

As long as she sounded the alarm, she did not believe that PEI Munian and Xi Zhiwei would not come out.

Su Wanwan took a deep breath, then exerted force with both hands and lifted the fire extinguisher on the ground. She aimed it at the alarm and ruthlessly smashed it down.

Almost in an instant, the alarm made an extremely sharp and shrill sound. Su Wanwan couldn't help but take a step back and cover her ears.

Xi Zhiwei exerted tremendous effort and finally helped PEI Munian into the room and placed her on the bed.

She took a deep breath and looked at the man who was sleeping peacefully on the bed. Her heart was filled with endless satisfaction.

She had known him for so many years, but it seemed to be the first time that they could be in the same room like this, with no one around to disturb them. She could even get close to him without fear.

Xi Zhiwei's eyes softened and she sat beside PEI Munian. With her hands on the bed, she stared at PEI Munian's handsome face. Her eyes gradually blurred and her entire person seemed to be seduced. She could not help but lower her body and move her red lips down.
