Chapter 169 A fight at the head of the bed and at the end of the bed (11)

Su Wanwan paused for a moment, bit her lower lip lightly, and continued to speak softly, "PEI Munian, do you like me? Even if it was just a little? Did I?"

However, Su Wanwan's question was like a stone thrown into the deep sea. There was no news and PEI Munian didn't have the slightest reaction.

Su Wanwan couldn't help but feel disappointed. If only PEI Munian could answer her, then she would know whether he liked her or not, or whether he liked her before.

However, regardless of whether he liked her or not, her feelings for him had never changed.

"PEI Munian, Did you know? I fell in love with you when I first saw you three years ago. I never believed in Love at first sight, but I fell in love with you at first sight. But that's true."

Su Wanwan's hand gently touched PEI Munian's face. Her fingers slid across his eyebrows and slowly smoothened them. She curved her lips and in a soft voice, she said all the words that she usually didn't dare to say. I've never taken the initiative to pursue a boy. For you, I put down all my restraint and pride and took the initiative to chase you. I didn't expect you to be so difficult to chase. I've never experienced failure from you before. Back then, you were always sneering at me with a cold face and didn't let me get close. There were so many times when I almost couldn't hold on anymore, but when you unintentionally treated me better, I couldn't bear to give up. Am I especially spineless?"

at that time, I was sick. I really didn't expect you to come to see me and treat me so gently. It was like a dream. I pinched my thigh countless times to make sure that you were real. I pinched my thigh until it was bruised. However, the stupidest thing I did wasn't that. It was that I was afraid that I would recover so quickly so that you could stay by my side. Every night, I would secretly take a cold shower, making my illness worse. This way, you won't leave me and will always be so good to me and so gentle to me. "

"After that, I confessed to you and you agreed. Do you know how happy I was at that time? You've always rejected me no matter how hard I tried. I thought you wouldn't like me anymore, but you agreed to be with me. I really feel like I'm the happiest person in the world."

When she said this, Su Wan's eyes were slightly lost in thought. Her eyes were bright, as if she was recalling the scene at that time. Her eyebrows were unconsciously stained with a touch of happiness and sweetness. However, after a few seconds, she didn't know what she thought of. The light in her eyes instantly dimmed and her voice also carried a trace of pain. but that kind of happiness, I didn't have time to feel it properly when Xi Zhiwei directly pulled me back to reality!

"She told me the real reason why you agreed to be with me! It's not what I thought. You like me because of Yingluo."

The memories were too painful. Su Wanwan's voice couldn't help but choke up. She couldn't finish her words. She blinked and crystal tears flowed out from the corners of her eyes. She sniffed hard and her voice was nasal. PEI Munian, how I wish that you agreed to be with me back then because you liked me and not because of that matter. Because I, Yingluo, have always liked you and it has never changed.
