Chapter 174 A fight at the head of the bed and at the end of the bed (16)

Su Wanwan opened her mouth to ask again, but as soon as she opened her mouth, PEI Munian's tongue barged in without hesitation. It wrapped around her and kissed her deeply.

Su Wanwan was unconsciously led away by him. Before she could ask anything, her consciousness had been taken away by him bit by bit. The strength in her body seemed to be slowly lost and she could only lean on PEI Munian.

Su Wanwan's gentleness aroused the heat in PEI Munian's body even more. All the suppressed feelings emerged in an instant. PEI Munian suddenly picked su Wanwan up and walked towards the big bed inside.

When su Wanwan was thrown onto the big bed, her consciousness recovered for a moment. She realized what would happen next and her body trembled reflexively.

She should be happy doing this kind of thing with the person she loved, but the previous memory was too embarrassing and painful. When she thought of this, she couldn't help but feel afraid.

She subconsciously raised her hand and placed it on PEI Munian's chest.

PEI Munian's pressing action paused for a moment. Her black eyes looked at su Wan and saw the fear and uneasiness in her eyes. Her heart clenched.

He knew that he had always only cared about his own feelings when it came to matters like this. Sometimes, he would hurt her accidentally because he was too angry, which was why she had this reaction now.

He had forced her before, and now he didn't want to force her again.

PEI Munian took two deep breaths and forcibly suppressed the raging desire in his body-He turned his body and sat down beside su Wanwan. He closed his eyes gently and then opened them. His voice was extremely low and hoarse. don't be afraid. If you're not willing, I won't force you.

PEI Munian had always done things her own way and did whatever she wanted to do. She did not expect him to stop because he wanted to take care of her emotions.

Su Wanwan looked at him in a daze. A warm current surged up and warmed her limbs and bones.

Su Wanwan's eyes were big and bright, like the bright and beautiful stars in the night sky. When she looked over, people couldn't help but sink in.

PEI Munian had already suppressed her desire, but looking at her, the flame in the bottom of her eyes seemed to be reignited. PEI Munian frowned and suddenly stood up. He couldn't continue to stay with su Wanwan. Otherwise, he didn't know if he could continue to endure it.

Su Wanwan was feeling touched when PEI Munian suddenly stood up. She blinked her big eyes, a trace of doubt flashed in her eyes, then worry.

Was PEI Munian leaving?

She and PEI Munian had finally reconciled, how could he just leave like this?

She didn't know if he was sober now. Maybe he was still drunk. What if he woke up tomorrow and suddenly became cold again?

Since they had made up, he had to strike while the iron was hot, right?

PEI Munian stood on the spot for a few seconds before adjusting her expression. She slowly opened her mouth and said, "you should rest. I'm Yueyue."

Before PEI Munian could finish speaking, Su Wanwan, who was on the bed, suddenly jumped up, knelt on the bed, and hugged PEI Munian's waist. PEI Munian, don't go. I ... I'm not unwilling to let Hanhan go.

PEI Munian was stunned for a moment, her black pupils slightly widened. What did Su Wanwan say?

Su Wanwan gritted her teeth and her voice was almost as weak as a mosquito. I'm willing.

Su Wanwan took the initiative to say this kind of words. Naturally, she was embarrassed. Her cheeks couldn't help but blush.
