Chapter 176 A fight at the head of the bed and at the end of the bed (18)

PEI Munian looked at su Wanwan's big round eyes and the corners of her lips curled up. A smile poured out from the bottom of her eyes. He reached out his hand and wanted to take su Wanwan's hand away from her lips.

How could su Wanwan be willing to take it? she was so embarrassed now that she just wanted to dig a hole in the ground and hide in it.

PEI Munian pulled but was unable to pull su Wanwan's hand away. The arc of his lips became deeper and deeper. His hand suddenly exerted force and grabbed su Wan's hand. Then, he pressed it to her cheek. He leaned down, and his handsome face enlarged in front of su Wan's eyes. Su Wanwan was stunned.

The man smiled evilly. His voice was low and hoarse, with a hint of flirtatious ambiguity. Wanwan, I like to hear your voice.

Su Wanwan's cheeks were already red, and now that redness directly spread to her neck, su Wanwan was so embarrassed that she couldn't control herself. She glared at PEI Munian in a coquettish manner. you're not allowed to say it!

That glance did not have any intimidating power. Instead, it added an infinite amount of flirtatiousness. PEI Munian's eyes gradually darkened. alright, I won't say anything. I'll be Wanwan.

As soon as PEI Munian finished speaking, he kissed her again. His large hands groped around and slowly removed her dress.

His fair body was beautiful and moving under the soft light, touching every cell in PEI Munian's body. He propped himself up slightly and his dark eyes fell on her.

PEI Munian was so embarrassed that her entire body was flushed red, and even her toes curled up. She raised her hand and blocked PEI Munian's line of sight without hesitation. don't look!

However, she did not realize that her voice was extremely delicate and charming, which was even more attractive.

PEI Munian laughed and took her hand, holding it in her hand. Then, her thin lips gently kissed her palm.

It was so gentle and so lingering.

Su Wanwan's heart suddenly trembled and her eyes blurred.

So this was how PEI Munian was like when she became gentle. It was as if countless honey had been poured into her mouth, making her so sweet that her heart bloomed.

PEI Munian's kisses trailed from her arm to her entire body. When he felt that she was completely ready, he separated her legs and slowly lowered his body.

Su Wanwan's body was still a little unaccustomed to it. Her beautiful eyebrows furrowed slightly. PEI Munian's kiss fell between her eyebrows, soothing her nervousness little by little.

The pain gradually faded away. Su Wanwan actually slowly felt a trace of happiness in PEI Munian's pampering.

She slowly opened her eyes and looked at the man on top of her. Her eyes were slightly curved, and her heart was in a mess. This was the man she loved, and he was in love with her.

Vaguely, a vague memory of that night three years ago appeared in her mind. For some reason, it merged with the current scene.

Had PEI Munian treated her so gently that night?

Then, he did like her back then, right? Yingluo would only be so gentle to her if he liked her.

However, she did not have time to think much before her consciousness was completely taken over by PEI Munian. He was the only one left in her body, mind, and heart.

As the night deepened, the faint moans in the room lingered for a long time.

—

Su Wanwan felt as if she had just closed her eyes when the alarm on her phone rang.

Su Wanwan didn't even open her eyes. She reached for her phone on the bedside table and turned it off directly. Then, she pressed it a few times, but the ringtone was still ringing. She frowned and opened her eyes a little. She looked over and realized that it wasn't her phone alarm that was ringing, but PEI Munian's phone.

Su Wanwan took it and glanced at the caller ID. It was Xi Zhiwei.
