Chapter 178 A fight at the head of the bed and at the end of the bed (20)

Su Wanwan didn't say anything explicit, but every word and sentence revealed ambiguous information. Xi Zhiwei clenched her silver teeth tightly, not willing to believe everything she said.

Xi Zhiwei pulled out a smile and snorted. su Wan, do you think I'll listen to whatever you say? Brother mu Nian doesn't even want to see you, so how could he do that with you? isn't it embarrassing for him to lie without thinking?"

Su Wanwan wasn't angry at all. Instead, she lazily replied, " Xi Zhiwei, haven't you heard of something? Between husband and wife, they would always fight at the head of the bed and reconcile at the end of the bed. Promise me, if you're uncultured, then study more, okay?"

".....?"Xi Zhiwei was so angry that her anger rose and her chest heaved up and down violently. She almost gritted her teeth. su Wanwan, you're so annoying.

Even through the phone, su Wanwan seemed to be able to see Xi Zhiwei's angry look. She secretly laughed and as if it wasn't enough, she continued to add, " ah, right, there's something I have to thank you for.

mu Nian was drunk yesterday. It was all thanks to you that I was able to take care of him when he got into his room to rest. It's also because of you that we can make up!

Xi Zhiwei was stunned for a moment and suddenly reacted. It turned out that the door of the hotel room was closed by su Wanwan yesterday. Maybe Qianqian, maybe even the alarm outside was also her doing!

Damn it! She had actually made a wedding dress for someone else! It was still for su Wanwan!

Xi Zhiwei really wanted to tear su Wanwan into pieces. She stomped her feet heavily and her voice trembled with anger. su Wanwan, you're despicable and shameless!

"I can't be compared to you, but it's better than you wanting to sleep with someone else's husband. Xi Zhiwei, are you that eager to be a mistress?"

"What mistress? You're clearly the third party. You're the one who came between me and brother mu Nian. What right do you have to speak so arrogantly?"

Sometimes, su Wanwan really couldn't understand Xi Zhiwei's thoughts. She and PEI Munian, although their relationship had always been close, they had never been together. How could she be considered to have stepped between them?

Su Wanwan curled her lips coldly. Xi Zhiwei, if you're uncultured, you can still study more. But if you're brainless, there's no cure.

After a pause, she continued, " I'll tell you one last time. Stay away from my husband. Otherwise, I'll let the whole world know that you like to be a mistress so much!

After su Wanwan spat out these ruthless words, she hung up the phone without hesitation.

If Xi Zhiwei was an ordinary person, perhaps she wouldn't be afraid of this threat. However, she was a celebrity, and celebrities were most afraid of such scandals. She had to restrain herself.

It was the first time she was such a villain. Su Wanwan felt quite cool. Now, women in the new era, who would be willing to swallow their anger? to deal with this kind of shameless mistress, we must firmly strike. If one comes, we'll fight one. If two come, we'll fight a pair!

Su Wanwan put away her phone, tidied her hair, and turned back to the room. As soon as she turned around, she saw PEI Munian's slender and tall figure leaning against the door frame. Her hands were crossed over her chest, her head was tilted, and her black eyes were looking at her, seemingly smiling but not smiling.

Su Wanwan's footsteps halted and her heart skipped a beat. When did PEI Munian, his Yueyue, come here? He couldn't have heard everything she said to Xi Zhiwei, right?

Recently, his relationship with Xi Zhiwei had been very close. If she bullied Xi Zhiwei like this, would he be angry?
