Chapter 181 I need to prepare for the wedding (3)

Su Wanwan's eyes brightened. She immediately took out the home album she hid behind her and spread it out on the table. Then, she moved closer to PEI Munian and pointed to the style she liked. I like this color. It's brighter. What do you think? "

Su Wanwan came over like this. She seemed to have just taken a bath. The fragrance of the bath on her body went straight into PEI Munian's nose. PEI Munian's eyes moved slightly. Looking at her beautiful face, her mind seemed to have been bewitched. How could she say that it was not good?

"Sure."

"I don't like the European style, it's too formal. Can I choose the fresh one? We can plant colorful flowers on the periphery, and when summer comes, we can have afternoon tea while enjoying the flowers. It'll be great."

As su Wanwan spoke, those images unconsciously appeared in her mind and her eyes were filled with yearning.

PEI Munian held su Wanwan's waist and let her sit on his lap. Her eyes were full of gentleness. sure.

"Also, our room, Yingying."

Su Wanwan chattered about a lot of ideas and PEI Munian agreed without hesitation. Even if su Wanwan wanted to tear down the villa and build it again, he could nod his head without blinking.

However, when su Wanwan said that she wanted a dream-like princess bed with pink lace bedsheets, a pink lace pillow, a blanket, and a mosquito net, PEI Munian's expression stiffened. She also rejected her without hesitation!

He wouldn't have any objections to anything else, but he definitely wouldn't want a man like him to sleep in a pile of pink lace!

Su Wanwan's small face suddenly collapsed. She opened her big clear eyes and stared at PEI Munian. She said softly, " I really want a bed like this. It's especially comfortable to sleep in and I'll be in a good mood every day when I wake up.

She might be in a good mood sleeping in such a bed, but he would only be in a bad mood if he fell asleep!

PEI Munian's expression did not change at all as she rejected him coldly. no, I will never sleep in such a bed!

Su Wanwan's delicate brows furrowed and her hands wrapped around PEI Munian's neck. She pouted her red lips and said coquettishly, " but I really like it. Just agree to it. Think about it, we'll wake up in this dream bed every day like a princess and a Prince, just like our little castle.

PEI Munian was impartial. it's useless to act coquettishly!

Su Wanwan wasn't scared by his cold face at all. Instead, she became braver and braver. Her head was directly pressed against PEI Munian's chest and she continued to plead in a soft voice, " PEI Munian, Okay, okay, okay, okay, just fulfill my wish!

su Wanwan, I'm telling you, no matter what you say, I, PEI Munian, will never sleep on a pink lace bed!

Su Wanwan's mouth twitched and her big eyes blinked. A trace of moisture gradually appeared at the bottom of her eyes. She looked at PEI Munian pitifully and her voice seemed to be choked with sobs. is it really impossible? "

".....?"

PEI Munian closed her eyes helplessly and sighed deeply. fine, fine, fine. Whatever you say.

He slapped his own face too quickly.

The tears in su Wanwan's eyes disappeared without a trace in an instant. She raised a big smile, hugged PEI Munian, and kissed her cheek with a whoosh. She said happily, " "Thank you, hubby."

The task was completed. Su Wanwan wanted to leave, but she had just stood up when her wrist was grabbed!
