Chapter 183 I want to prepare for the wedding (5)

The two of them were entangled in the study and kissed all the way back to the bedroom. Her clothes were all over the floor, messily intertwining with each other. The air in the bedroom became hot, and there seemed to be a little spark in the air.

PEI Munian picked up su Wanwan, who was in front of her, and placed her on the big bed while kissing her. Her tall body pressed down on her.

However, in just a few seconds, su Wanwan, who was under him, suddenly turned over and got up. She pressed down on PEI Munian and took the initiative.

Su Wanwan had always had a psychological shadow over this matter. Even though they had made up these days, she was still a little timid in this aspect. Every time it came to a critical juncture, she would always be very nervous and needed him to comfort her for a long time before she could relax.

He didn't expect her to be so proactive and enthusiastic.

Her kiss was rough and clumsy. There was no technique, and it was all based on instinct. This instinct was guided by emotion.

PEI Munian had never been able to see through su Wanwan's inner feelings. At this moment, he seemed to see her heart. Her heart was beating for him, and he was in her heart.

PEI Munian's heart beat extremely fast. In this world, what could be more beautiful than two people in love?

If this is just an illusion, please let him stay in this illusion forever!

PEI Munian turned over again and pressed su Wanwan under him again. He couldn't wait to merge with her and feel all her feelings. He also wanted her to feel how much he loved her.

As PEI Munian kissed su Wanwan, his hand went down and clasped her slender bare feet. He separated them and let her wrap around his waist. Then, he lowered his body and went straight for the main topic.

Su Wanwan still felt a little pain from the direct intrusion, but this kind of pain dispelled the inexplicable panic in her heart little by little. She raised her hand and hugged PEI Munian's shoulder, her fingernails unconsciously sliding across his back.

PEI Munian felt a slight stabbing pain. This stabbing pain stimulated his turbulent desire even more. The fire in his body was burning and clamoring, urgently in need of venting.

PEI Munian also hugged su Wanwan tightly and clung to her.

Su Wanwan didn't know how many times she had done it with PEI Munian. When everything calmed down, she was already so tired that she was paralyzed on the bed. It was difficult for her to even move her fingers.

She wanted to turn her head to look at PEI Munian, but when her head tilted to the side, her eyelids fell uncontrollably and she fell asleep.

PEI Munian was sleeping on the side. After she calmed her breathing, she stretched out her long arms and gently embraced su Wanwan.

He lowered his head and wanted to look at su Wan, but unexpectedly, she had already fallen asleep. PEI Munian looked at her red cheeks, her eyebrows full of charm, the corners of her lips raised, containing a trace of spring. His heart also softened into a pool of water.

He thought that he probably couldn't escape the love temptation set by su Wanwan.

Whether she was lying to him or using him, as long as she was willing to love him, to have children with him, and to spend the rest of her life with him, he would give her whatever she wanted!

PEI Munian's fingers rubbed su Wanwan's slightly red and swollen lips. Then, she gently kissed her and said softly, "Wanwan, have a good dream."

He would help her realize her sweet dreams.

The next day, when PEI Munian returned to the company, she immediately got assistant Wu to report to him all of his work arrangements for the next three months.

After assistant Wu reported everything to her, PEI Munian tapped her fingers on the table and said, "help me push back all of them!"
