Chapter 186 I want to prepare for the wedding (8)

Su Wanwan's lips gently wriggled. She opened her mouth and wanted to refuse, but her voice seemed to be hoarse and she couldn't say anything.

Even if she rejected him outright, her grandfather might still have a way to make her agree. She was very clear about this weakness of hers, but she could not change it for the time being. After all, he was her biological grandfather, and he was her only family member. She cared about him, so she could not refuse his requests.

However, she also did not want to do anything to hurt PEI Munian. It was not easy for him to choose to believe her and be willing to start over with her. She could not let him down.

However, what could she do to defend both sides?

Su Wanwan's dark eyes spun and she tried hard to think of a way. Suddenly, a light flashed in her head.

If he couldn't refuse, then what if he dragged it on?

She could choose not to give Grandpa a clear answer and just drag it out so that Grandpa would have a little hope that he would not have to look for PEI Munian for an explanation and would not keep urging her like this. Wouldn't this kill two birds with one stone?

Although this method could only delay it for a while, she didn't have a better way at the moment. She could only try it as a last resort!

However, she had to be more indirect and helpless, or she might not be able to convince her grandfather.

Su Wanwan's eyes sank slightly. There was a trace of helplessness between her eyebrows and her voice also lowered, "Grandpa, I've already mentioned this to mu Nian. It's just that he feels that now is not the time. We'll talk about it in a few days.

Su Zhenhua wasn't surprised by su Wanwan's answer at all. After all, su Wanwan had been avoiding him these days. However, when he really heard her say this, his face quickly sank. Wanwan, Didn't I tell you? I told you to coax PEI Munian, why can't you even handle such a small matter!"

Su Wanwan lowered her eyes and mumbled, her voice full of grievances, "Grandpa, I did coax mu Nian well, but you also know that feelings have to be cultivated slowly. Mu Nian and I have only been married for a few months, how could he listen to me?" He's already a little unhappy when I mentioned the wedding to him before, so I don't dare to bring it up again. So, Grandpa, Yueyue, please give me a little more time. I can't make Munian angry, can I?"

Su Wanwan's aggrieved tone made Su Zhenhua angry, but he couldn't flare up again. After all, su Wanwan's words were not wrong.

Su Wanwan and PEI Munian hadn't been married for a long time, so it was normal that she couldn't completely grasp his heart. If she was too radical, she might even anger him. They had a favor to ask of others, so they had no choice but to act cowardly!

Su Zhenhua's face slowly turned dark. He pursed his lips and didn't say anything.

Su Wanwan secretly glanced at Su Zhenhua's face and couldn't help sighing in her heart. She didn't want to lie to Grandpa, but she had to do it. Perhaps to Grandpa, she was very selfish, but ran ran, could she be selfish just this once?

She had already sacrificed a lot for the SU family and for concubine su. This time, she wanted to grab hold of her own happiness.

Su Zhenhua was silent for a long time before he finally spoke. in that case, don't mention the wedding to PEI Munian for the time being. Don't anger him!"

Su Wanwan's eyes suddenly brightened. Did she successfully lie to Grandpa? Was grandfather prepared to compromise?

"But, Zhenzhen."
