Chapter 192 Walking on thin ice in happiness (2)

PEI Munian's gentle voice rang in her ear, soothing su Wan's heart bit by bit. She had a second of impulse to pour out all the sadness and grievances in her heart to him.

However, her red lips moved, but she could not say anything.

She couldn't say a word to him about the matter between her and her grandfather. Even if some things were not her original intentions, she had indeed done what her grandfather wanted.

Was she going to tell him that she had been listening to her grandfather and using him to gain benefits for the SU family? But now, she was not willing, so she was chased out of the house by her grandfather?

The more she cared about her, the more she did not dare to say it. The more blissful she and PEI Munian were now, the more afraid she was.

She was afraid that the happiness she had now would suddenly disappear the next second.

Su Wanwan didn't dare to tell the truth and only vaguely said, "I, I quarreled with Grandpa. I'm just in a bad mood.

Quarreling with Su Zhenhua?

Su Wanwan was famous for being filial in the circle, but she actually quarreled with Su Zhenhua?

PEI Munian raised her eyebrows and gently pushed su Wan away. His black eyes lowered and his gaze fell on su Wanwan's red and swollen eyes. because of what? "

Although PEI Munian's gaze was very gentle, su Wanwan couldn't help but feel guilty. Her eyes flickered and she stammered a reason, "it's, it's about work.

PEI Munian could tell that su Wanwan didn't tell him the truth, but he could also tell that su Wanwan didn't want him to know the real reason for her crying.

PEI Munian did not probe further. She gently wiped her cheeks with her fingers, wiping away her tears.

Su Wanwan was too upset just now, so she impulsively called PEI Munian. Now that she had calmed down, she was a little embarrassed. She bit her lower lip lightly and said weakly, "I'm sorry, you were busy just now. Actually, you didn't have to rush over. I, I'm fine.

She knew that PEI Munian had been very busy during this period of time and would often work in the study room until midnight.

PEI Munian curled her lips and nodded. I'm quite busy.

Su Wanwan was even more embarrassed. then you should go back quickly.

"But because of you, I've already skipped work. Hence, PEI Munian paused for a moment and lowered her voice. With a mesmerizing magnetism, she said, "you have to skip work with me too.

"Ah?"

Before su Wanwan could react, PEI Munian had already pulled her into his arms and walked towards the car.

Walking to the front passenger seat, PEI Munian opened the door and placed her head on su Wanwan's head, protecting her as she sat in the car. Then, he closed the door and went around to the other side, sat in, started the car and drove away.

The entire process was swift and clean, done in one go.

The car drove on for a long time before su Wanwan reacted. PEI Munian, w-where are we going? "

PEI Munian glanced sideways at su Wanwan. His eyes were full of gentleness, but he didn't answer. He only drove steadily towards his destination.

The car drove out of the city and towards the suburbs. The more it drove, the more remote it became. There were gradually no figures or cars on the road. The doubts in su Wanwan's eyes also became deeper and deeper.

Where was he going?

It wasn't until the car stopped at a beautiful and dreamy gate that su Wanwan looked at the scene outside the window in a daze. Her whole person was stunned.

The huge Ferris wheel was right in front of them. Under the sunlight, it was colorful and extremely beautiful.
