Chapter 196 Walking on thin ice in happiness (6)

Because Xiaomei was worried, her voice was a little loud, causing the people around them to look at them. Su Wan hurriedly shook her head and said in a low voice. “I’m fine, lower your voice,”

Xiao Mei couldn’t help but stick out her tongue. However, she saw that su Wanwan’s expression wasn’t very good, so she still reached out to help su Wanwan up and said, ” “Then, Wan-Jie, let me help you over to sit for a while.”

Su Wanwan did feel uncomfortable, so she didn’t refuse Xiao Mei and let her help her to the rest area to sit down. Xiao Mei brought another bottle of water, unscrewed the cap, and handed it to her. sister Wanwan, drink some water.

Su Wanwan took it, took a sip, and said, ” “Thank you,” he said.

Xi Zhiwei had been filming all this time. When she suddenly heard the words “sister Wanwan,” she was too sensitive to su Wanwan’s name and unconsciously looked in the direction of the voice. She didn’t expect it to really be su Wanwan.

Just like how su Wanwan didn’t want to see her, she also didn’t want to see su Wanwan. Every time she saw her, she was always indignant and angry! She snorted coldly and didn’t want to look at her again. But when she was about to move her gaze away, she saw su Wanwan suddenly cover her mouth with one hand and retch.

There was nothing special about this action. Everyone would feel uncomfortable at times, but Xi Zhiwei did not know why, but her eyes were fixed on her body and she kept looking at her.

She saw su Wanwan’s assistant help her to the rest area to sit down and then saw her pass her water. Su Wanwan drank the water and seemed to ease a little, but it only lasted for a few minutes before she showed signs of retching again.

Xi Zhiwei’s eyebrows slowly furrowed. A terrible thought emerged in her mind. Su Wan couldn’t be pregnant, right?

Xi Zhiwei was shocked by this thought and her eyes widened in horror.

If su Wan really had a child, then it would be impossible for PEI Munian to be separated from her again. Uncle and aunt would like su Wan even more. If she could sit firmly in the position of the PEI family’s young mistress, then she, Xi Zhiwei, would have no chance at all!

“Wei Wei, what are you doing? Why are you so stunned?”

The director’s scolding came from the front and pulled Xi Zhiwei back from her panic. She quickly composed herself and smiled apologetically,”I’m sorry, director. I forgot my lines. Let’s do it again.”

“Alright, let’s start again.”

Xi Zhiwei forced down the fear and panic in her heart and continued to shoot. However, her condition was not as good as before. She barely managed to finish this part of the shoot and the director announced that they would take a break.

Xi Zhiwei walked to the rest area and her manager, sister li, followed behind her. She frowned and asked, ” Wei Wei, what’s wrong with you today? How could such a simple shoot produce such a poor effect?”

Xi Zhiwei didn’t have the mood to listen to her. Her eyes unconsciously looked in su Wanwan’s direction.

Sister li followed her line of sight and saw su Wan. Her heart suddenly trembled. Weiwei, I’m warning you. Be well-behaved today and don’t provoke su Wan again.

Xi Zhiwei couldn’t be bothered with sister li. She didn’t want to provoke her today, but she wanted to find out if su Wanwan was pregnant as she thought!

–

Su Wanwan felt that her stomach had been rolling and her heart seemed to be pressed by something. It was stuffy and uncomfortable. The feeling of nausea came up in waves. She couldn’t help but get up and walk to the bathroom.

Seeing her get up and leave, Xi Zhiwei followed her without thinking.
