202 She was really lying to him (2)

PEI Munian picked up her phone and looked at the display. It was a call from the old residence.

He took a deep breath and rubbed his eyebrows. He cleared his throat and swiped the screen to answer the call. mom.

Mrs. PEI's voice had always been gentle, but it was a little deep today. Munian, are you still busy? "

PEI Munian could tell that there was something wrong with her voice. She sat up straight and replied in a low voice, " no, you can just say what you want to say.

Mrs. PEI paused for a moment, as if she was trying to control herself. She tried her best to speak in a gentle and calm tone. Munian, tell me the truth. What do you think of your marriage with Wanwan? "

PEI Munian's eyes narrowed and her voice became lower. why do you ask? "

"Munian, are you still going to play dumb in front of mom? You told me yesterday that you were going to hold a wedding and announce Wanwan's identity. I was very happy, thinking that you've finally understood and were finally going to settle down, have children, and manage your family well, but were you lying to me?"

Mrs. PEI's inexplicable accusations made PEI Munian even more exhausted. mom, what are you trying to say? "

"Let me ask you, you clearly know that I've always wanted to have a grandson. Why did you and Wanwan use contraception? Why don't you want a child?"

Birth control

When PEI Munian heard these two words, the corners of his lips twitched as if he had heard a joke. mom, where did you hear such unreliable rumors? Wanwan and I didn't use birth control. We already have plans to have a child."

Because su Wanwan said that she wanted to start over with him and wanted to give birth to children for him, so before that, he no longer put on a condom and really treated her like a wife. He also fantasized that he could give birth to a child with her that was one with each other.

"Mu Nian, do I look like the kind of person who would jump to conclusions? One of my friends overheard Wanwan's phone conversation and said that she had taken birth control pills. She asked if there was any way to alleviate the side effects and my friend said that she heard it clearly with her own ears!"

PEI Munian's brows were tightly knitted and her eyes were cold, but her voice was still calm. mom, your friend? Which of your friends know Wanwan?"

Mrs. PEI was at a loss for words.

Of course, this was not something her friend had told her. It was something she had overheard when Xi Zhiwei was on the phone with Butler Xi. She could be patient with anything, but the child. So, she had called to question her without thinking.

Of course, she couldn't tell PEI Munian the truth about this, lest she drag others down with her. She coughed lightly and pretended not to hear his question. I just want to know what's going on. Did you ask Wanwan to take birth control pills? I've told you before, if you don't like her, then don't ruin her. Wanwan is so dedicated to you, you're hurting her and mom's heart."

mom, I've told you. We didn't use birth control. I didn't let Wanwan take birth control pills either!

PEI Munian's voice suddenly became louder, giving Mrs. PEI a shock. She was stunned for more than ten seconds before she reacted. then, what happened to Qianqian that night? was it her own idea? "

Mrs. PEI couldn't help but Mutter.
