211 A surprise (1)

.....

PEI Munian, we're already married. Can we not care about the past and just look at what's in front of us? I like you and I want to live a good life with you. Then, we'll have children and grow old together.

"Su Wanwan, can I trust you again this time?"

"Of course you can."

.....

"You said that you wanted to start over with me and have children for me. You meant it, didn't you?"

"Of course I'm sincere."

.....

Su Wanwan's promise was still vivid in his ears. Every word was so warm and beautiful. At that time, he really believed in her sincerity.

He didn't want to waste any more time. He wanted to spend the rest of his life with her while they hated and tortured each other.

What was laughable was that this was just another scam, and a clumsy scam at that.

Her acting skills were not as good as they used to be, but he still believed her without hesitation. Love was really a terrible thing. No matter how smart a person was, they could also become stupid.

In this love, he was stupid again and again. He even wanted to be stupid for the rest of his life, but Su Wanwan didn't give him this chance.

Therefore, he was completely awake.

In this pathetic, laughable, and Stupid Love, she had completely woken up.

However, the more he once loved, the more he hated. In those three years, he didn't hate Su Wan. He just wanted to forget her, but now, he hated her. He hated her to the core.

He hated her for not loving him and for using love to deceive him. He hated her for not loving him and for destroying all the beautiful promises she had made to him.

She was just relying on his love for her.

But it wouldn't happen again. From this minute and this second onwards, it would never happen again.

PEI Munian's lips curled up. Her eyes were cold, but they were full of sorrow.

—

Su Wanwan accompanied Su Zhenhua for lunch and then helped him take a walk. She only left when he was tired and wanted to rest.

Su Wanwan drove out of the SU residence and returned to the city. It was almost four in the afternoon. She thought about it. There was nothing important at the company today, so it didn't matter if she went back or not. At this time, she might as well go to PEI Munian's company and have a meal with him after work.

Su Wanwan thought this, turned the steering wheel, and drove towards PEI family corporation.

When su Wanwan arrived, it was time to get off work. People from PEI family corporation came out one after another. Su Wanwan didn't get out of the car. She took out her phone and called PEI Munian.

The phone rang a few times before it was connected.

Su Wanwan gently said, " mu Nian, are you done? " Do you want to have a meal together?"

On the other end of the line, PEI Munian was silent for a few seconds before speaking in a deep voice. However, he did not agree to her request directly. Instead, he asked, " where are you? "

Su Wanwan smiled sweetly. get up now, walk to the window, look down, and you'll see me.

PEI Munian did not get up as she was told and only said indifferently, " "Are you downstairs?"

"Yes, it's my turn to skip work today, so you have to accompany me."

PEI Munian did not speak for a moment.

Su Wanwan muttered in dissatisfaction, " don't tell me you're still busy? You didn't sleep last night, and you've been busy the whole day. Even a man made of iron needs to rest!"

If it was in the past, even a simple word of concern from her would be able to make him burst with joy. But now, it only sounded like endless sarcasm.

PEI Munian's eyes swept past the birth control pills on the table, but her voice was strangely calm. the day after tomorrow.

"Why wait until the day after tomorrow?"

"Did you forget? It's your birthday the day after tomorrow. I'll celebrate with you and give you a surprise."
