### 226 When the dream shattered (6)

In an instant, the crowd was in an uproar.

Su Zhenhua stood in the crowd, ready to accept everyone's congratulations and compliments. Unexpectedly, he was greeted with a severe warning. He stood rooted to the ground, dumbfounded.

Su Wan was also dumbfounded. She widened her eyes in disbelief, unable to believe what she heard. She looked at PEI Munian, a beautiful smile still hanging on her face, but the bottom of her eyes was full of astonishment.

What did PEI Munian say?

He wasn't going to announce her identity or her marriage, but he was going to buy her company?

PEI Munian didn't seem to notice su Wan's daze. He smiled and continued: I hope everyone will have a good night tonight.

After saying this, he slightly saluted and held su Wanwan, who was still standing there in a daze, and turned to walk down the high platform.

Su Wanwan almost lost all her reaction. She was so stiff that she was led by PEI Munian until they got off the stage. Suddenly, a group of reporters came out of nowhere and surrounded PEI Munian and su Wanwan from all directions. The cameras and microphones were all forced in front of them. The reporters were all excited and threw questions at them one after another.

boss PEI, it's said that you've already proposed to miss su. You were supposed to announce your marriage tonight. Why did you suddenly announce that you're going to acquire the SU family enterprise? "

Hearing this question, PEI Munian found it funny. He curled his lips and chuckled. Instead of answering, he asked, " according to the news? Who leaked the news? How come I didn't know that I was going to announce my marriage today?"

"We received news from The Chairman of su enterprise, Mr. Su Zhenhua. He said that you've already discussed marriage with miss su Wanwan. If what you said is true, is it a one-sided rumor created by Mr. Su Zhenhua? Using your reputation to promote su enterprise?"

PEI Munian raised her eyebrows. it's not appropriate to ask me this question, right? If you want to ask, you should ask the person involved."

Everyone's attention turned to Su Zhenhua again. A few reporters had even rushed over and surrounded Su Zhenhua. Mr. Su Zhenhua, please respond to this matter, " they interrogated.

Su Zhenhua's expression was extremely ugly. His face was tense and full of anger, but he couldn't flare up. His whole body was trembling violently.

Su Zhenhua didn't speak, and the reporters pointed their microphones at su Wanwan again. Their words were like bullets, hitting her fiercely. miss su Wanwan, can you respond to this matter? Did you and your

grandfather collude to create such a rumor? Or is it one-sided, and you want to use this rumor to force the marriage?"

The lights of the camera flickered constantly, making Kacha Kacha sounds in her ears. Su Wan's eyes were almost unable to open because of the flashing lights. She unconsciously raised her hand to block it.

The sharp-eyed reporter saw the diamond ring on her ring finger and was even more excited. He continued to question her, "miss su Wanwan, you're wearing a ring on your ring finger. Did Mr. PEI really propose to you? And we've received news that you've gotten married in secret. Is this true?"

"No, Mr. PEI isn't wearing a wedding ring on his hand. So, miss su Wanwan, is this still your wishful thinking? Are you trying to use the scandal to create hype? Or are you trying to force Mr. PEI to be responsible for you? Miss su Wanwan, please respond!"
