

Deeply 232

232 I don't care for you anymore (2)

Su Wanwan herself was also very surprised. At this time, she could actually still laugh, but she really felt that it was ridiculous and even curved the corners of her lips.

Xi Zhiwei looked at su Wan's smile and was shocked for a moment. Could it be that she was shocked silly? He could actually smile?

The next second, su Wan suddenly walked towards Xi Zhiwei. Before Xi Zhiwei could think of what she was going to do, su Wan grabbed her hair and pulled her up from the sofa.

"Su Wanwan, what are you doing!"

Xi Zhiwei screamed in pain, but su Wan's strength was too great. She was unable to fight back and could only be dragged away.

Su Wanwan dragged Xi Zhiwei out of the room and pushed hard. Then, she slammed the door and locked it. All her actions were Swift and clean, done in one go!

Only PEI Munian and su Wanwan were left in the room. In the darkness, it was terrifyingly quiet.

Su Wanwan didn't turn on the lights. In the dark, she stared at the man sitting on the sofa. She just wanted to ask why and didn't want to show weakness. However-her nose still felt sour. She sniffed hard, suppressed the desire to cry-and slowly opened her mouth. PEI Munian, why? "

PEI Munian lifted her eyelids. The room was very dark and he couldn't see su Wanwan's expression. He only heard her unusually calm voice.

He had done such a thing, but she was still so calm. She was still so calm when she saw him with Xi Zhiwei. It was as if she could be so calm when it came to anything related to him.

PEI Munian's lips curled up, her voice carrying a hint of self-mockery. su Wan, what why? Are you asking me why I announced my acquisition of the SU group, or why I didn't announce my marriage to you?"

After a pause, he seemed to laugh and continued, " su Wan, what kind of answer do you want? "

In fact, she didn't need to ask. She already knew the answer in her heart. He had humiliated her in public, so what answer did he need? However, she was still unwilling to accept this and could not let go.

Su Wanwan bit her lower lip hard and restrained the trembling in her voice. She tried to speak in a calm tone, " I want to ask, if you don't love me, why did you promise me that night to let go of the past and start over with me? " Why did you take me to the Ferris wheel and Tell Me I Love You on the Ferris wheel? Why did you propose to me so sincerely and ask me if I'm willing to marry you? PEI Munian, is all of this fake?"

Su Wanwan didn't want to cry, but at the end of her words, tears still appeared in her eyes.

She couldn't believe that all the good times they had together were fake. She could clearly feel his heart. How could it be fake?

Fake?

PEI Munian's lips curled up, but her eyes were full of sorrow.

Everything he had for her was real. From the past to now, he had given her all his sincerity, but she had only ever responded with false feelings and maliciousness.

PEI Munian's gaze turned cold. He said, " yes, it's all fake.

All of them are fake Yingluo

Even if she had expected it, su Wanwan was still stabbed in the heart by this sentence, and the pain tore her heart apart.

Su Wanwan's feet softened and she unconsciously took two steps back. She tried hard to support her body and not let herself fall down. She was already embarrassed enough and didn't want to lose even her posture.
