The news of PEI Munian's announcement of the PEI family corporation's acquisition of the SU family's enterprise made the headlines of all major newspapers the next day, causing the SU family's share price to plummet the moment the stock market opened. It was a dismal sight!

The shareholders of the Board of Directors called one after another, saying that they were extremely disappointed in Su Zhenhua and su Wanwan. Because of them, the company was facing an acquisition. If Su Zhenhua couldn't give them a good response, they would directly sell all the shares in their hands.

Once these shareholders started to sell their shares, su enterprise would instantly decline.

Su Zhenhua had not slept well the previous night. When he heard the news early in the morning, his heart felt as if it had been hit hard. His entire body went limp on the bed, and he could not get up at all.

Nanny li panicked and knocked on su Wanwan's door. She hurriedly ran in and said, "Miss, it's not good. Quickly go and see master."

Su Wanwan didn't even have time to put on her shoes. She ran into Su Zhenhua's room barefooted.

Su Zhenhua was lying on the bed, his face pale and his lips bloodless. His hand was pressed hard on his heart, and he looked like he was in great pain.

When he saw su Wanwan running in, he quickly reached out his hand to her. His hand trembled and his voice was weak and trembling. Wanwan, Wanwan, Wanwan.

Su Wanwan's heart clenched tightly. She took a few steps forward, held Su Zhenhua's hand, sat on the edge of the bed, and quickly responded, "Grandpa, I'm here, I'm here."

Su Zhenhua stared at su Wanwan and said word by word, "Wanwan, save the company. You must save the company. Our SU group can't be gone just like this. No, absolutely not."

How could su Wanwan not want to save the company? how could she not want to get SU group back? she also promised her parents that she would protect the company well. She originally thought that the situation would not be so serious. Even if PEI Munian wanted to acquire SU group, with the company's current situation, there would at least be a little time for her to think of a solution. However, she didn't expect the shareholders to force her to do so.

For a while, su Wanwan didn't have any other way.

Su Wanwan didn't speak. Su Zhenhua was panicking. He thought that victory was in his hands, but in the end, he fell hard. The weapon he brought with him hurt himself and it was a fatal blow. How could he bear it?

He didn't know what happened between su Wanwan and PEI Munian, but the only thing he knew was that su Wanwan could save Su Shi!

As if he had grabbed the last life-saving straw, Su Zhenhua grabbed su Wanwan's hand with all his might and begged, "Wanwan, go and beg PEI Munian. Go and beg him. Beg him not to acquire our company. Beg him to let go of our company!"

I beg him.

The last thing su Wanwan wanted to do right now was to beg PEI Munian. She was already so humble and embarrassed in front of him. She really didn't want to lose her last bit of dignity.

Su Wanwan bit her lower lip so hard that it almost bled. Her voice also trembled and she said with difficulty, "Grandpa, maybe there are other ways to convince me. I don't want to beg him.

"What other way is there? What method?"

Su Wanwan's refusal made Su Zhenhua raise his voice, almost sharp. If it's any later, the shareholders will sell their shares and SU group will be finished, completely finished!
