The big BOSS had announced that he was going to acquire the SU family organization, but the SU family organization's stock price had already plummeted before he had even made a move. The longer they delayed, the greater the crisis the SU family organization would face. Therefore, she had no choice but to meet the big BOSS in such a hurry.

However, it was a little awkward.

Assistant Wu glanced sideways at the tightly shut door of the president's office behind him. Even though they were separated by a door, he could still feel the extreme coldness inside. Thinking about the dangerous look on his Big BOSS's face, he couldn't help but shiver.

He thought that even if su Wanwan saw PEI Munian now, there wouldn't be any good results. He had to give su Wanwan a heads up. young Madam, Big Boss is in a very bad mood right now. Are you sure you really want to see him, ran ran? "

Su Wanwan was silent for a few seconds on the other end of the phone and replied, "I'm counting on you."

Assistant Wu sighed and hung up the phone.

He sat in his seat and hesitated for a moment. He didn't call PEI Munian to ask, but got up and went downstairs, ready to directly lead su Wanwan up.

Because if he reported it, the big BOSS might not be willing to see su Wanwan, so it was better to act first and report later.

Assistant Wu took su Wan to the door of the office. He stopped, looked at su Wanwan with pity, and said softly: young Madam, I can only help you up to this point. I wish you all the best, Wanwan.

"Assistant Wu, thank you." Su Wanwan sincerely thanked him. All along, assistant Wu had been taking care of her. Aunt Wu was the same. She was very grateful.

Assistant Wu nodded slightly and turned to leave.

Su Wanwan raised her hand and wanted to knock on the door, but she always stopped the second before she could knock. She repeated this and couldn't knock on the door. She stood at the door of the office for about five minutes, biting her lower lip with her pearly white teeth. Only then did she force herself to muster up the courage and knock on the door.

"Come in."

The man's low and cold voice came from inside very quickly. Su Wan's heart couldn't help but shiver.

Su Wanwan's hands clenched hard, then she put her hands on the door handle and pushed the door open little by little.

PEI Munian sat in the office and looked down at the documents. Her eyebrows were furrowed, and her entire body seemed to be shrouded in a layer of cold haze. The atmosphere in the office was extremely oppressive.

Su Wanwan only took a few steps and she felt a little difficulty breathing.

PEI Munian did not raise her head and merely said coldly, "Put the documents down. You can leave now."

However, after waiting for a few seconds, there was no movement from the person who came in. PEI Munian's eyes darkened slightly, as if she had realized something, and she suddenly looked up.

The moment her eyes touched su Wanwan, PEI Munian's Black pupils suddenly contracted, her thin lips were tightly pursed, and her face was so gloomy that it was terrifying, as if a storm was coming.

Su Wan appeared here. Even if she didn't say anything, he also knew the purpose of her coming. It was because it was too clear, so the anger surged up and couldn't be stopped.

PEI Munian's eyes were so scary that su Wanwan wanted to turn around and run. She clenched her hands tightly and tried hard to restrain herself.

After all, only by convincing him could Qianqian save concubine su. Even if there was only a one-in-a-thousand chance, she had to try.

Su Wanwan's Red lips wriggled. She opened and closed her mouth a few times before she squeezed out a voice from her throat. PEI Munian, I'm here today.
