Before su Wanwan could finish her words, PEI Munian suddenly grabbed the phone and pressed the internal line. Her voice was fierce and harsh. can anyone just come into my office now? Immediately order the security guards to take care of it. "

Su Wanwan was shocked by PEI Munian's words. She didn't have time to think about anything. She only knew that she couldn't be driven out without even talking. She rushed up without a care and hung up the phone.

PEI Munian's sharp and cold gaze was cast on su Wanwan, as if she wanted to see through her body.

Su Wanwan resisted her fear and spoke quickly with a trembling voice, " I, I have something to say to you.

The corners of PEI Munian's lips twitched as if she wanted to laugh, but she couldn't. He looked at her, the light in the bottom of his eyes surging, as if he was suppressing something. His voice was extremely cold. su Wanwan, you just want to beg me to let go of the SU family. Let me tell you, save it!

She came to him only because of concubine su. In her eyes and heart, there was only concubine su. Why should he give in and help her again and again?

Every time he saw her groveling for concubine su, he hated her. He hated that in her world, she only thought of concubine su and didn't care about anything else.

Su Wanwan's long, curly eyelashes trembled a few times and returned to calmness.

She had expected him to agree. He hated her so much, and even if he took away the SU family's business on purpose, it was useless for her to beg him! So, she didn't come here today to ask him to do it. And the only way she could get along with him was Yingluo.

"I'm not here to beg you,"

Su Wanwan slowly opened her mouth and tried to speak calmly, " I came to make a deal with you!

A deal?

PEI Munian was stunned for a moment.

Su Wanwan swallowed hard, raised her eyes, looked at him, and forced herself to continue speaking, " as long as you're willing to let go of Madam su, I'll make up, I'll make up.

In the end, she couldn't say those words. She gritted her teeth and took two steps back. She slowly raised her hand and placed it on the button of her shirt. Her hand trembled badly, but she forced herself to unbutton it.

Su Wanwan didn't need to say anything more. PEI Munian already understood what she meant by the so-called deal.

Once, she used her body to get investment funds from him. Now that Huahua couldn't beg him, she used the same old trick.

PEI Munian really wanted to laugh. It turned out that in su Wanwan's eyes, he, PEI Munian, was so ridiculous and cheap!

She had never taken him seriously, but she still wanted to use this kind of thing to restrain him.

PEI Munian actually laughed out loud. His laughter was low and deep. Each sound hit su Wanwan's heart. He said in the midst of his laughter, " su Wanwan, Who Do You Think You Are? "

PEI Munian laughed and laughed, but a touch of moisture vaguely floated in his eyes. In an instant, his eyes were filled with haze and he glared at su Wanwan. His voice was full of ruthlessness. in the past, you could indeed use your body to make a deal with me. But now, what are you? "

"Su Wanwan, I don't care about you anymore!"

Anger overwhelmed her rationality, and despair burned her head. PEI Munian only knew that she was in pain. The pain made him speak incoherently, saying whatever harsh words he wanted to make her feel the same pain. This way, she would know how much he was in pain and how much she had hurt him!

"No, it should be that I've never cared about you."

Su Wanwan's hand that was unbuttoning her shirt stopped just like that.
