### 245 The peacemaker (5)

When su Wanwan regained consciousness, the sky had already turned completely dark. There was only one wall lamp lit in the room, a faint yellow.

Su Wanwan didn't know where she was for a while and opened her eyes in a daze.

"Wanwan, you're awake?"

With the sound, the sound of footsteps gradually approached. Su Wanwan's Black eyes turned stiffly and looked at the person, " Yu Xuanji, Yu Jia? " You, why are you here?"

Yu Jia stared at su Wanwan in a bad mood. hey, young miss, you came to me of your own accord and still asked me!

She came on her own?

Su Wanwan gently furrowed her eyebrows and her memory came back little by little. Yes, she was homeless, so she came to Yu Jia's place, hoping that Yu Jia could take her in for a few days.

Yu Jia didn't argue with su Wanwan. She sat on the edge of the bed and gently helped su Wanwan sit up. She stuffed a small pillow behind her back and let her lean on it. Then she said, " "Are you feeling better? Does your head hurt?"

She wouldn't have felt it if Yu Jia didn't mention it, but now she felt a sharp pain on her forehead, and her head felt dizzy. what, what happened to me? "

"You're asking me? How would I know what's wrong with you!"

Yu Jia's eyes widened helplessly. I see that you're not injured anywhere except your forehead, and your money is still there. You don't look like you were robbed. What happened to your head? " Did you hit yourself?"

Su Wanwan raised her head and touched the pain on her forehead. Yu Jia had already helped her bandage it and wiped the blood clean. She was stunned for a moment before getting up. When she slammed on the brakes just now, her forehead hit the steering wheel. Perhaps she was too sad at the time, but she did not feel any pain at all.

I hit my head on the steering wheel, " she said softly.

"How could you be so careless!" Yu Jia frowned. I think you're bleeding from the impact, so I just bandaged your wound. Go to the hospital tomorrow for a check-up to avoid any trouble in the future.

Su Wanwan nodded slowly. She paused for a few seconds and then weakly opened her mouth again, " Yu Jia, can I trouble you for a few days? It's just a few days."

"Wanwan, what happened to you? Why are you in such a sorry state?"

Although su Wanwan and Yu Jia had been good friends for many years, there were some things that she didn't know how to do and was embarrassed to say, " Yu Jia, can I not ask me? "

“Forget it, don’t say it if you don’t want to. You can just live here as long as you like. Just pay the rent!”

Su Wanwan knew that she was joking. Even if she was suppressing it in her heart, she couldn’t help but laugh.

“Are you hungry? Should I cook you some noodles?”

“Okay, thank you.”

“Don’t be so polite with me, it’s disgusting! Rest, I’ll go downstairs.”

—

Su Wanwan slept for a night and her head didn’t hurt so much. It was just that when she got up, she was a little dizzy. She got up from the bed, washed up, and walked to the living room.

Yu Jia left a note on the coffee table, saying that she had gone to work. Breakfast was on the table, and she also told her to go to the hospital today to get her head checked.

Su Wanwan folded the note and a trace of warmth surged from the bottom of her heart. It was just that she didn’t have time to take care of herself now. She couldn’t convince PEI Munian to give up the acquisition, so she had to think of other ways to deal with it and she had to race against time.

Su Wanwan was thinking about it when her phone suddenly rang. She picked up her phone and looked at the caller ID. A trace of surprise flashed in the bottom of her eyes.

Why was she calling?
