She had three days to go against the PEI family corporation and turn the tide. It was almost impossible for her to win, so tonight's meeting with Mr. PEI was of utmost importance.

She didn't have much confidence, but she would definitely try her best!

Su Wanwan's car drove into the PEI residence and stopped in the courtyard. The servant saw her and smiled, "Young Madam, you're back?"

Su Wanwan nodded at her and softly responded.

After changing her shoes at the entrance, su Wanwan walked into the living room. Mrs. PEI had already come up to her with a smile and pulled su Wanwan to sit down. She looked at her carefully and said with heartache, "Wanwan, what's wrong with your forehead? Are you hurt?"

Su Wanwan forced out a smile. I'm fine, I just accidentally bumped into something.

look at how pale you are. Wanwan, you have to take good care of yourself. Mrs. PEI couldn't help but hold su Wanwan's cold hands.

Su Wanwan was grateful from the bottom of her heart and her eyes were a little sour. She lowered her eyes and restrained herself. I will.

Su Wanwan took a few deep breaths and calmed down. She remembered the purpose of her visit and bit her lower lip. She raised her black eyes and swept them around. She didn't see the person she wanted to see and couldn't help but ask, "mom, where's daddy?"

Su Wanwan didn't want to be so straightforward, but she was really anxious.

Madam PEI could understand her and did not blame her, only saying, "Your dad is playing golf with his old friends. He'll be back for dinner. Don't worry, I'll help you."

"Thank you, Mom."

The servant brought tea. Su Wanwan held it in her hands and slowly drank it, her body feeling a little warm.

Mrs. PEI, on the other hand, looked a little restless and would look up at the antique clock hanging on the wall from time to time.

This was because when she called PEI Munian in the morning, although she had repeatedly told him to come back tonight, he only said that he would wait and see. If he did not come back, wouldn't her efforts be in vain?

She called both of them back because she wanted to be a mediator and ease the relationship between the two!

As time passed, the sky gradually darkened. It was seven o'clock. Mrs. PEI could not sit still any longer. She found an excuse to get up and walked out of the balcony. She took out her phone and was about to call PEI Munian.

Suddenly, the sound of a car driving back came from the door. Mrs. PEI paused, and then she heard a servant shout, " master, you're back.

The next second, he called out again, " young master, you're back too.

Mrs. PEI's eyes brightened, and she quickly turned around and walked towards the door.

Mr. PEI and PEI Munian walked over one after another. Both of them were dressed in sportswear and looked like they had just come back from exercise together. Mrs. PEI said in surprise, " "Old PEI, didn't you go to play golf? Why are you with mu Nian?"

Father PEI handed the baseball bat to the servant and replied, I met Goff on the field. You said that you wanted him to come back for dinner tonight, so I asked him to come back with me.

"Old PEI, you're indeed reliable!"

Mrs. PEI gave her husband a thumbs up and then looked at her son. She smiled and said, " what a coincidence. Wanwan came back earlier than you guys.

PEI Munian's Black eyes narrowed and she stopped in her tracks.

He knew that something must have happened when his mother called him and asked him to come home for dinner tonight. However, he didn't expect it to be related to su Wanwan.

So, su Wanwan couldn't beg him to let go of concubine su and wanted to target his parents again?
