Raise money

Su Wanwan stood in the same place in a daze. Her head was dizzy and her whole person was exhausted to the extreme in an instant.

If concubine su had money, if she had money, or if she could have gathered the money, she would not be in such a difficult situation. Why would she lose her marriage, her love, and her pride?

She had lost everything. Could it be that in the end, she couldn't even stand concubine su and couldn't even protect the SU family?

Director su did not say anything more. He rolled up the window and ordered the driver to start driving.

Su Wanwan didn't know how long she stood in the same place. The sun gradually became fierce and the scorching heat shone on her body. Perhaps it was because she didn't sleep all night, she felt dizzy and weak all over. Moreover, the place where her forehead was injured before began to hurt faintly again.

Su Wanwan closed her eyes impatiently. She raised her feet and wanted to walk towards her car, but before she reached the car, her eyes suddenly turned black. Her feet went soft and she fell to the ground.

Gong Lingyu happened to be driving out of the gong residence. From afar, he saw a slender figure standing in the middle of the road in front of him. At first, he only felt that she looked a little familiar. When he drove closer, he saw that it was actually su Wan. Then, he saw su Wan walking and suddenly falling down. Gong Lingyu was shocked and suddenly stepped on the brakes!

The car stopped next to su Wanwan. Gong Lingyu quickly pushed the door open and walked in quickly. He squatted down and helped su Wanwan up, letting her lean into his arms. He looked at her pale and bloodless face and his pupils suddenly contracted. His voice was full of worry. Wanwan, wake up, wake up!

Gong Lingyu reached out and gently patted su Wanwan's cheek. Then, he pressed her renzhong acupoint with force. Su Wanwan didn't have the slightest reaction. Gong Lingyu could only carry su Wanwan horizontally and walk to his car.

After putting su Wanwan in the front passenger seat and fastening the seat belt, Gong Lingyu sat back in the car, started the engine, stepped on the accelerator, and the car sped away.

The moment su Wanwan fell down, she was unconscious, but later she felt someone Pat her face and pinch her philtrum. She gradually had a trace of consciousness, but she didn't recover for the time being, so she couldn't open her eyes.

After about ten minutes, su Wanwan's consciousness became clear bit by bit. Her long, curly eyelashes trembled slightly. She slowly opened her eyes and realized that she was sitting in a car. She was slow for a second, then her eyes moved slightly and she looked at the person beside her. It was Gong Lingyu.

After su Wanwan recovered a little, she slowly sat up straight.

Gong Lingyu's Black eyes glanced at su Wanwan and he said softly, " "Wanwan, you're awake? Do you feel better? I'll send you to the hospital now."

Su Wanwan quickly shook her head and stopped him, " I'm fine. I was just in a daze just now. I don't need to go to the hospital.

Gong Lingyu's brows furrowed immediately. you don't look too good now. You should go to the hospital for a check-up. We'll be there soon.

"There's really no need for that." Su Wanwan insisted, " I just didn't sleep last night and I'm not in good spirits. There's no need to trouble myself.

"Wanwan, Wanwan, Wanwan."

Gong Lingyu still wanted to persuade her, but su Wan's mobile phone rang and cut off his words.

Su Wanwan took out her phone from her bag. When she saw that it was her grandfather's call, she directly pressed the answer button.

Wanwan, come back immediately.
