but it's a pity that even if we divorce, the gong family won't want a second-hand item like you!

Su Wanwan's long and curly eyelashes trembled. The hands that hung on both sides of her body unconsciously clenched. She knew that there was no benefit in angering him at this moment, but she was really too depressed and aggrieved. In this marriage, she had compromised until now only because she loved him. She didn't want to love him now. She didn't want to endure it anymore!

su wanwan raised her chin and looked back at pei munian with her big eyes. her eyes were also slightly red, but the curve of her lips remained. " even if he doesn't want me, it's enough that i like him. "

The light in PEI Munian's eyes was extinguished in an instant. Her entire body was shrouded in a huge haze and the surrounding temperature quickly dropped to freezing point.

The hand that was holding su Wanwan's wrist suddenly exerted force and pulled su Wanwan's entire body in front of him. His black eyes stared at her and his voice was terrifying. He paused after every word, " you said you like Gong Lingyu? "

Su Wanwan's hand hurt badly. She struggled hard but couldn't break free. She opened her big eyes and didn't blink as she continued, " yes, I like him. You know it too. We were already talking about marriage. Even though I married you in the end, I have never forgotten him, not even for a day!"

Since he had already misunderstood her relationship with Gong Lingyu, she would make this misunderstanding a reality for him. He wouldn't mind it anyway. However, she felt sorry for Gong Lingyu. After all, she had used him as an excuse. If she had the chance in the future, she would apologize to him properly.

I just like him, Yingluo.

I've never forgotten him, Yingluo.

What words could be more hurtful than these two? PEI Munian's heart felt as if it had been pierced by thousands of arrows. It was so painful that she could barely breathe and her steps were unsteady.

Su Wanwan didn't notice anything and continued, " I married you for our company. I tried to please you, including saying that I like you and love you because you can bring benefits to our su family and let our su family rise again. It's just a pity that I couldn't lie to you, but I also have to thank you. If it wasn't for your heavy blow, I might have been numbing myself and forcing myself. I wouldn't have realized it. I like Lingyu so much that I shouldn't have given up my love for my family."

Pausing for a moment, su Wanwan pursed her lips and then opened her mouth. She spat out word by word clearly, " so, let's divorce.

He had always known what su Wanwan said. Back then, he had already known it from her grandfather's mouth and knew it in his heart. It was just that he didn't expect that when these words came out of su Wanwan's mouth, the blood in PEI Munian's body seemed to flow backward. Sadness and anger made him lose his last bit of reason. His other hand suddenly strangled su Wan's neck. His eyes were about to crack and his voice was terrifyingly deep. su Wanwan, you dare to say it again!

PEI Munian's five fingers were like iron pincers, clamping on her neck. Su Wanwan's cheeks slowly turned red, but she didn't struggle at all. She still opened her eyes wide, looked at him, and repeated loudly, "I can say it a hundred times if you want me to. I like Gong Lingyu. I want to divorce you!"
