

Deeply 266

266 I just like him (16)

At that moment, PEI Munian's hand suddenly tightened.

The feeling of oppression on her neck made su Wan gradually feel difficulty breathing. Her hand instinctively wanted to break PEI Munian's hand, but her fingers moved and she restrained herself.

She looked at the Furious PEI Munian and for a second, she thought that it would be nice if she died in his hands. That way, she would not be sad, sad, and desperate because of him. All her love, hate, and resentment for him would end with his own hands. If there was a next life, she would not fall in love with him again.

Su Wanwan's eyes were moist. She looked at him for a few seconds and then closed her eyes resolutely.

PEI Munian looked at su Wanwan's attitude of facing death with equanimity. She would rather die than divorce him just because the person she liked was Gong Lingyu and she wanted to be with him.

When he had chosen to marry her, even though he knew she was just using him, he had been willing to do so. Only then could she be by his side, and only then could he be close to her. Later, he had chosen to take revenge on her, only because he wanted her to look at him in the eye, because he wanted her to see him. He didn't want her to think that he, PEI Munian, was only someone she could use and not her husband.

But it turned out that no matter what he did, he could not get into her heart. Her heart had already been given to another man.

In this world, anything could be obtained through hard work, but love. He had tried his best and used all kinds of methods, but he still couldn't get what he wanted.

PEI Munian's hand on su Wanwan's neck trembled fiercely. That delicate neck, as long as he used a little force, he could break it. From then on, he would no longer be in so much pain for su Wanwan that he would rather die.

Without su Wanwan, everything would be gone. He was still the proud PEI Munian, not a puppet controlled by su Wanwan.

PEI Munian's eyes turned red and her fingers tightened. She really wanted to end it all. He would rather die with her!

Due to the lack of oxygen, su Wanwan's face gradually turned purple. Her facial features were almost squeezed into a ball and she subconsciously let out a painful groan. This groan was very low, but it still clearly entered PEI Munian's ears and awakened his consciousness.

In his black eyes, su Wan's pained and slightly sinister face was reflected. Her lips were bloodless, as if she would directly stop breathing in the next second. His hand seemed to be burned by something and let go.

He hated her so much that he wanted to take her down with him. However, in the end, he couldn't bring himself to do it, just like three years ago.

He thought that he had hated her for the past three years, but in the end, he realized that he still loved her deeply even after struggling for three years. No matter how much pain he was in, he still couldn't bear for her to disappear.

Now, he hated himself for being like this!

PEI Munian blinked, tears welling up in her eyes. He raised his hand and covered his eyes.

After PEI Munian let go of su Wanwan, she fell to the ground powerlessly. Her hand covered her neck and she coughed violently.

PEI Munian firmly suppressed the tears in her eyes. She heavily wiped her face and closed her eyes. When she opened them again, he had suppressed all humbleness and cowardice. His black eyes lowered and looked down at su Wanwan condescendingly. He clenched his hands and said word by word, " su Wanwan, you want a divorce? " In your dreams! Don't even think that I'll help you and Gong Lingyu!"

After a pause, he suddenly thought of something. He reached out and pulled su Wanwan up from the ground.
