PEI Munian grabbed su Wanwan's lapels and glared at her with her black eyes. Her voice was fierce and harsh. su Wanwan, I'm warning you. You're my wife and the young Madam of the PEI family. You better stay away from Gong Lingyu. If I see you two entangled again, I will not only destroy SU group, but I will also destroy Gong group!

He loved her but couldn't get her, he suffered pain and was proud. Why should she, su Wan, be happy on her own? he couldn't bear to pull her to hell, so they would torture each other to death for a lifetime!

As soon as she finished speaking, PEI Munian shook off su Wanwan, turned around, and strode away.

Su Wanwan was stunned on the spot. She looked at PEI Munian's back as she left in anger. Tears still came out of her eyes. She raised her hand and wanted to wipe these tears away. The more she wiped, the more tears there were, soaking her face and palms.

If ... If she had known that she and PEI Munian would end up like this today, if she had known that her extravagant hope and greed would turn out like this, she would have rather never married him. At least, when she thought about it, they would not be so unbearable and hateful.

Su Wanwan's hand covered her face, her body slowly squatted down, and she sobbed fiercely.

Su Wanwan didn't know how long she had been crying. She heard footsteps approaching her step by step and stopped in front of her. Su Wanwan opened her eyes and a pair of shoes came into her sight.

This is Yingluo's grandfather?

Her consciousness suddenly returned. Su Wan took a deep breath and suppressed her tears. She wiped the tears from the corner of her eyes and slowly stood up. The person standing in front of her was indeed her grandfather.

Su Wanwan didn't want her grandfather to see her like this. She lowered her head, sniffled, and tried to speak as calmly as possible, " ye, Grandpa, why did you come out? "

Su Zhenhua's sharp eyes swept over her face. Su Wanwan unconsciously felt guilty and lowered her head even more. Grandpa shouldn't have seen her and PEI Munian's entanglement, right?

Grandpa still didn't know that she and PEI Munian had completely fallen out. She didn't want him to know either, in case he was worried and upset.

Su Zhenhua stared at her for a while before he asked in a low voice, " why are you crying? "

Su Wanwan's eyelashes trembled slightly. She tried her best to curve her lips and explained, " I'm not crying. It's just that the wind blew into my eyes just now.

"Did the wind blow into your eyes?"

Su Zhenhua repeated the words one by one, then laughed. However, the next second, his eyes quickly darkened, and his face was filled with extreme anger. His voice was a little louder. Wanwan, how long are you going to lie to me? ”

Su Wanwan’s heart suddenly thumped and she looked at Su Zhenhua in shock.

Su Zhenhua looked at su Wanwan’s Red eyes. There was no heartache at all, only endless anger.

He had been lying sick at home these days and because he knew that su Wanwan promised him, he would do his best and try his best to save Su Shi. He didn’t expect that he still misjudged her!

Today, Secretary su came to visit him and told him about the company’s current situation. Only then did he know that the company was in such a bad state. These days, every time su Wanwan called, she would tell him that she had already seen PEI Munian and was trying her best to convince him to give up on the acquisition. But in fact, she didn’t even look for PEI Munian!

Although he was extremely angry, he didn’t want to wrong her, so he asked her to come back and confront her.

He had already heard the conversation between su Wanwan and PEI Munian before he could confront her!
