He wanted su Wanwan to apologize to PEI Munian. Naturally, it wasn't just a dry apology. He wanted her to please him and ease the relationship between them. Only in this way could the SU group tide over the crisis, protect itself, and continue to develop.

However, su Wanwan's current attitude was obviously negative. She was not willing to spend any more time and effort on PEI Munian and only wanted to get a divorce.

In su Wanwan and PEI Munian's marriage, he hadn't been able to get any benefits yet. It was impossible for him to watch them get a divorce!

His only bargaining chip now was su Wanwan. He would never easily give up this bargaining chip!

Su Zhenhua's Black eyes narrowed deeply. He muttered to himself for a while, then reached for the bedside table, picked up his cell phone, and made a call.

The call was quickly connected, and a respectful voice came from the other side. Chairman.

Su Zhenhua hummed in agreement and said in a low voice, "I want you to help me do something, ran ran.

Su Wanwan didn't sleep much the entire night. When she closed her eyes, her mind was full of nightmares, sad and sorrowful. It always made her sink into pain and she couldn't extricate herself.

After that, she didn't dare to sleep anymore. She got up and turned on all the lights in the room. She opened her eyes and looked at the White ceiling until dawn.

Although Su Zhenhua's face was still a little pale today, it was not as scary as yesterday. After he had breakfast with su Wanwan, he asked su Wanwan to help him take a walk in the courtyard.

The morning sun was warm and the breeze was gentle. Walking in the wind gave one a feeling of carefreeness.

The two of them walked in silence for a while before Su Zhenhua finally spoke. Wanwan, I've already asked someone to make an appointment with PEI Munian. I'll go with you tomorrow night.

Su Wanwan's eyes flickered slightly. She couldn't tell if she was disappointed or sad. She pursed her lips and said in a faint voice, "okay, I will go.

Su Zhenhua couldn't help but glance at su Wanwan. Her face was calm and her eyes were calm, like a pool of stagnant water. It seemed that no matter what happened, nothing could arouse her reaction.

Even he felt depressed when he saw her like this, let alone PEI Munian.

Who would be interested in a woman without any emotions? Could he be happy?

Su Zhenhua frowned in dissatisfaction, but he couldn't scold su Wanwan now. He took a deep breath, tried to suppress his anger, and said, "Wanwan, didn't you want a divorce? Fine, I won't interfere with

you, but all of this has to be after the SU group has overcome its crisis. So, tomorrow night, you have to perform well, not only for the SU group, but also for yourself!"

I won't interfere with her divorce, Yingluo.

Su Wanwan's Black eyes quickly lit up. She looked at Su Zhenhua and said in disbelief, "Grandpa, Zhenzhen, are you serious?"

Grandfather was actually willing to let her divorce PEI Munian? She thought Wanwan's grandfather would never agree!

yes, Wanwan. I admit that I've neglected your feelings in many ways, but it's not that I don't care about you. Since you can't continue living with PEI Munian, I won't force you anymore. But you know that we have no choice but to beg PEI Munian now. Just promise me that you'll coax PEI Munian for the last time. As long as you can convince him to give up on the acquisition, I won't interfere in your matters anymore.

For the last time.
