275 Repeat the same trick (9)

Su Wanwan was stunned and didn't move for a while.

Su Zhenhua could not help but frown. mu Nian has drunk so much. Are you going to let him drive back by himself? " quick, help him upstairs and let him rest here for the night."

Although su Wanwan didn't want to have more contact with PEI Munian, she couldn't say no at this moment. When she sent him to the room upstairs, everything between her and PEI Munian would be over.

"Alright, I'll send him up."

Su Wanwan stood up and walked to PEI Munian's side. After hesitating for a few seconds, she reached out to help him.

Although PEI Munian's consciousness was a little scattered, he did not completely lose it. He directly pushed su Wanwan's hand away, stood up by himself, and staggered out.

Su Wanwan's hand missed and was fixed there.

Su Zhenhua urged her anxiously, " Wanwan, hurry up and catch up!

Su Wanwan's lips moved slightly, wanting to say something. In the end, she didn't say anything and followed.

As PEI Munian walked, she felt the strength in her body slowly disappearing. She felt weak all over and her steps began to become unstable. Even her vision was dizzy. She walked slower and slower, and her hands unconsciously supported herself against the wall to stabilize her body.

Su Wanwan caught up from behind. The hands hanging on both sides of her body clenched tightly and she gently opened her mouth, " I think I'll hold you.

As she spoke, she reached out again to support him.

She didn't know if it was because he was too dizzy and had no strength to push her away or something else. He let su Wanwan support him and walked towards the elevator.

The elevator slowly moved up. PEI Munian's body unconsciously pressed towards su Wanwan. Su Wan used all her strength to support herself and stabilize her body. It was just that she didn't know why, but she slowly felt that she was not following her heart. Her body started to feel soft and hot.

Moreover, perhaps it was because the space in the elevator was too small, su Wanwan's breathing gradually became hurried and her cheeks were stained with two hot red blushes. She exhaled, freed one hand, and fanned her face.

PEI Munian seemed to feel the same way as her. Not only did she feel weak, but she also felt hot. This heat suddenly burned from the depths of her body and spread to her limbs and bones at lightning speed, making her unable to resist.

He had indeed drunk very quickly today, and his mood was very low. So, although he did not drink much, he was already drunk. However, this drunkenness was a little too strange. However, his mind was too muddled at the moment and he did not realize what was wrong with him.

The elevator door opened and su Wanwan supported PEI Munian as they walked out. However, her footsteps were getting more and more unstable. She finally swiped her card and entered the room. Su Wanwan gritted her teeth and used the last of her strength to support PEI Munian to the bed. Just as she was about to put him down, she couldn't stabilize her body and fell onto the bed with PEI Munian.

Su Wanwan's soft body pressed down on PEI Munian's body and her red lips kissed his chest. She was shocked and struggled to get up, but her hands and feet didn't have any strength at all. Every time she could only hold up for half a minute, she fell down again. This repeated. The two people's bodies rubbed against each other. It was hot to begin with, and now it was even hotter. She didn't look like she was going to get up, but more like she was teasing him.

Suddenly, su Wanwan's wrist was grabbed forcefully. The next second, the world spun and her whole body turned from top to bottom. Her hands were pressed on both sides of her cheeks. Above her was PEI Munian's extremely gloomy eyes.
