Last time, grandfather plotted against Wanwan?

In those words, su Wanwan only keenly heard these few words, but she still didn't understand. What did he mean by her and her grandfather scheming against him together? what did she do? What did grandfather do?

Su Wanwan held on to her consciousness and spoke clearly, " PEI Munian, speak clearly. Last time, which last time? when did Grandpa and I scheme against you? "

Su Wanwan tightly knitted her eyebrows, thought for a moment, and continued: "You're talking about the last time, is it about the scandal? I've already told you that I was sleeping in my room. I don't know why I'm in your room. Forget it, you won't believe me anyway. But what does this have to do with Grandpa? He doesn't know anything!"

It was fine if su Wanwan didn't say this. After she said this, PEI Munian felt that it was even more funny. In her, su Wanwan's heart, she was pure and flawless. Her grandfather was also pure and flawless. They were both innocent. He was the only one who didn't believe her and kept framing her, right?

"You don't know anything?"

PEI Munian repeated su Wanwan's words and slowly laughed out loud. su Wanwan, can you stop pretending in front of me? Last time, she took off her clothes to seduce me, and today, she drugged me. Is there any meaning to this? But let me tell you, even if something happens between us today, you and your grandfather will never get any benefits!"

Drugged

One after another, words that su Wan couldn't understand entered her ears. She opened her eyes in a daze, but very quickly, her mind merged with what PEI Munian said and she gradually understood an Unbelievable Truth.

She could not figure out why she felt unusually hot that night. She could not control her body and inexplicably slept with PEI Munian. She thought that she was drunk and unconsciously ran into PEI Munian's room. It was a freak combination of factors, but it turned out that this was not the case.

PEI Munian said that she and her grandfather had plotted this together, and she knew nothing about it. Then, could this matter be done by her grandfather?

Grandpa had drugged her and sent her to PEI Munian's bed just to let her have sex with PEI Munian and then force her to marry her? That's why all those things happened?

No, no, he wouldn't!

She knew that her grandfather only cared about the SU family, and she also knew that her grandfather had always wanted to use her marriage to fight for the SU family's benefits. But no matter what, he couldn't just drug his granddaughter and send her to a man's bed!

That night might have been a misunderstanding. She didn't believe it. She didn't believe that Grandpa would treat her like that!

Su Wanwan didn't know where she found the strength to break free from PEI Munian's hand. She grabbed PEI Munian's collar and glared at her with her big eyes. Her voice was a little mournful. PEI Munian, don't talk nonsense. You can accuse me however you want. It doesn't matter, but my grandfather would never do that kind of thing. He would never treat me like this!

"You won't? The truth was right in front of their eyes. Did they still have to lie with their eyes open? If you can't, why are you here? Why are you lying under me?"

When PEI Munian shouted this, her consciousness had completely collapsed. His body was frighteningly hot, and all the cells in his body were screaming. He could not help but kiss her.
