279 Her chance (1)

PEI Munian's arm was bloodstained, showing how much strength she had used. If he had not stopped her, she might have bitten off a piece of meat.

Su Wanwan's arm hurt a lot, a piercing pain, but this kind of pain could keep her awake. She shook off PEI Munian's hand and forced herself to get out of bed. She looked at him and couldn't help but step back. She said with difficulty, " I won't sleep with you, I won't waste my time.

She would not sleep with him. She wanted to let him know that she did not scheme against him. She was really not so shameless to get close to him after he had rejected her before.

It was enough for her to do such a thing once, really enough!

She did not know how long she could hold on, so she could not stay in the same room as PEI Munian. If she lost her mind again, she would only become a joke.

Su Wanwan's words fell, she turned straight and stumbled to the door of the room. She pulled the door open and ran out.

PEI Munian was shocked by su Wanwan's words. He didn't expect that Su Zhenhua and su Wanwan deliberately set this trap. Didn't they want him to have sex with su Wanwan to ease the relationship between them? then, he could give up on the acquisition of SU group? But she bit herself and ran away.

Why?

Could it be that ran ran was really as she said, that she didn't know about the drug, that she was in the dark like him, and that everything was Su Zhenhua's arrangement?

Or was it another of her performances? She wanted to prove her innocence in front of him and then confuse him?

PEI Munian's mind was in a mess. Under the effects of the medicine, it was as if her entire body had been thrown into boiling water. She was anxious and uneasy. She could not calm down and think.

However, he had been in the business world for many years and had encountered a lot of such things over the years, so he was still able to slightly suppress the discomfort of his body. But su Wan was different. He saw her like that just now. She should have taken the same medicine as him. Su Wan had almost never come into contact with this kind of thing, and the drug was so strong. Once it took effect, she would completely lose her mind. If something happened at that time, she would ...

PEI Munian's entire body quivered and he jumped up from the bed. He grabbed his phone and quickly dialed a number. Once the call connected, he gritted his teeth and ordered, " I'm at the black Pond. Send the tranquilizer over immediately!

After he hung up the phone, he strode out with his long legs and chased after her.

Su Wanwan thought that the pain in her arm was enough for her to leave the black pool and return home. Once she reached home, she didn't have to worry about losing control and doing something irreparable.

However, she still overestimated herself. She ran out of the room and ran to the elevator. Her legs were so weak that she almost couldn't move. She even wanted to press the elevator's door button, but after pressing it a few times, she couldn't.

Su Wanwan's forehead and back were full of sweat. She began to feel that her consciousness was blurred and her vision was blurred.

Su Wanwan knew that she couldn't hold on any longer. She must find a trustworthy person to take her away before she lost control!

Su Wanwan's hands trembled. She took out her mobile phone from her pocket and opened the address book. The first one was her grandfather's phone number. Her finger was on the phone and she didn't press it down for a long time.

Her grandfather was already someone she didn't dare to trust. Who else could she trust?

When PEI Munian chased after her, she saw su Wanwan on the phone. She said to the other end of the phone, " help me, Lingyu Wanwan.
