When Xi Zhiwei's hand touched PEI Munian's arm, she was shocked by the burning temperature of his body. There was a hint of panic in her voice. brother Munian, do you have a fever? " Why is it so hot?"

PEI Munian looked at Xi Zhiwei. His eyes were red and terrifying.

Xi Zhiwei was shocked and her eyes were filled with panic. She quickly said, "Brother mu Nian, I'll take you to the hospital. I'll take you to the hospital now."

"No, no, no, no, I'm not going to the hospital."

PEI Munian opened her mouth with difficulty, but her words were intermittent. His hand suddenly grabbed Xi Zhiwei's wrist with a shocking amount of strength and continued, " you, you drive. Help, help me. Chase, chase Gong, Gong Lingyu's car. Bring Yingluo, bring Wanwan down.

"W-what?"

"I, I told you to drive!" PEI Munian shouted at Xi Zhiwei with all her strength.

Xi Zhiwei was already unhappy when she heard su Wanwan's name. PEI Munian was obviously so uncomfortable at this moment, but he still wanted to chase after su Wanwan. For su Wanwan, did he not want his life?

after pei munian shouted at her, her tears fell even more.

She really wanted to leave, but seeing PEI Munian in this state, she could not move. She could only reply, " alright, I'll drive and chase after her. Can you get in the car with me now? "

Once they got in the car, she would send him to the hospital directly!

PEI Munian then let go of Xi Zhiwei's hand and walked towards her car. Xi Zhiwei wanted to help him but was pushed away by him. He gritted his teeth and staggered.

However, before the two of them could get into the car, they were suddenly blocked by a group of people.

"Yo, who's this? Isn't this our young master PEI? Isn't there a Chinese saying that goes, "you've worn out your iron shoes and searched high and low for it,"?"

The person who spoke was the leader of the group. PEI Munian had a vague impression of him. He was her competitor in the United States back then. However, no matter what they competed for, he would always lose to him. There was one time when he made a sinister move and was exposed. In the end, he even sent him to prison and sentenced him to a few years in prison. She did not expect to meet him again here.

And he was clearly here to find trouble.

If it was any other time, PEI Munian would not be afraid of him. However, his body was weak and he could not control his actions. Moreover, he had Xi Zhiwei with him and there were so many people on the other side. There was no chance of winning.

PEI Munian clenched her fists tightly and said to Xi Zhiwei in a deep voice, "Wei Wei, leave now, immediately!"

Xi Zhiwei was not stupid. She could naturally tell that this group of people did not come with good intentions. Each and every one of them looked fierce. She was also trembling in fear. However, her legs were too weak. She wanted to leave, but she could not for a while.

"I didn't expect that our big young master PEI, who has always been cold and heartless to women, would be so tender to women now. Is this your woman? She's so pretty!"

The man looked at Xi Zhiwei with an evil smile on his face. come to big brother's side, in case your fists are blind and I hurt your pretty face.

Xi Zhiwei was so scared that she hid behind PEI Munian.

PEI Munian's brows furrowed and she glared at the man. Her voice grew deeper. don't involve outsiders in our matters. Let her go!

I don't have to touch her, but PEI Munian, I'm going to settle the score with you today for all the years I've spent in prison. Come on, beat her up!
