Back then-her brother had saved PEI Munian's life and allowed her to enjoy PEI Munian's care and patience. Now, she had been violated because of him. He said that he would accompany her, take care of her, and take responsibility for this matter. She would definitely make good use of this opportunity and make him belong to her completely.

Xi Zhiwei's hand clutched the blanket tightly.

Su Wanwan stared at the words on the phone almost the whole time. She didn't sleep all night and just stared blankly until dawn.

She had drawn all the curtains in the hotel room, leaving only a few rays of light shining in through the gaps, but they could not blend into the heavy darkness of the room.

Time ticked by and in the blink of an eye, it was close to 10 O'clock. That was the time Xi Zhiwei had arranged to meet her.

In fact, she already knew what Xi Zhiwei wanted to say to her. The text message she had sent had already explained everything. It was enough to give her a ruthless blow. If she went, it would only make things more embarrassing for her.

But this was how people were. Even if the truth was right in front of her, she still wanted to deceive herself and ask for more even if she didn't want to face it. Could everything be fake and she was just lying?

So su Wanwan still got up from the bed and walked towards the bathroom.

She looked at the woman in the mirror. Her face was Haggard, her hair was dry, and her white skin that used to have a tinge of red was now pale, not to mention her red and swollen ears and eyes.

She had actually tormented herself to this state.

If she went to probationary Wei like this, she would be even more proud.

However, even if she, su Wanwan, lost, she wouldn't let her have a good time. She wouldn't let them see her in such a pitiful state. She, su Wanwan, even if she lost, she had to raise her head and stick out her chest. She wouldn't let her see any jokes about her!

Su Wanwan took a hot bath and washed herself clean. Then, she put ice on her eyes to let the redness and swelling disappear. She then carefully did a skincare routine. Finally, she sat in front of the dressing table and put on makeup for herself.

After everything was done, su Wan changed into a bright red long dress, making her cheeks rosy and her complexion excellent. Only then did she take her bag and go out.

Xi Zhiwei sat in the private room and couldn't help but look at the time on her phone. She had an appointment with Su Wanwan at 10 O'clock. Now, an hour has passed. Why hasn't she arrived yet? Could it be that he didn't dare to come?

When Xi Zhiwei thought about it, she could not help but feel a little proud. If she did not dare to come, it meant that she believed what she said and shocked her. Then, the chances of her being able to force her to leave on her own accord would be even greater.

Xi Zhiwei picked up the small spoon in the cup in front of her and gently stirred the coffee inside. Then, she stood up and took a sip. However, before she could swallow the coffee, the door of the private room suddenly opened. Su Wanwan stepped in. Her figure was slender and her steps were light. Her red dress was like the dazzling sun, as if her whole body was filled with light, making people's attention involuntarily fixed on her.

Xi Zhiwei thought that she would see a pitiful and humble Su Wanwan who was tortured to an ugly state. She didn't expect that she was still so bright and beautiful, as if the matter between her and PEI Munian didn't affect her in the slightest.

Looking at her like this, all her pride disappeared in an instant. She stared at her delicate face with some hatred, trying to find any traces of her being defeated, but she could not see anything.

Xi Zhiwei opened her mouth unwillingly. "Did you see the messages from yesterday?"
