Xi Zhiwei's face turned green and white after hearing su Wanwan's words. She didn't expect that at this point, she could still be so self-righteous.

She hated it the most when su Wanwan used this contemptuous tone to talk to her, as if all her efforts were just a joke. No matter what, she could not lose to her today!

Xi Zhiwei's lips curved up and she maintained a smile. Her words were not polite at all. su Wanwan, is there any meaning in you wasting time like this? You've been shamelessly pestering brother mu Nian for three years, and you're doing the same now. But what's the result? If brother mu Nian doesn't like you, he doesn't like you. He will never like you! No matter how much you pester me, it's useless! If you're more tactful and self-conscious now, you won't look even uglier!"

"You don't like me? It's because of that stupid matter, right?"

Su Wanwan also laughed, but her laughter was filled with endless sorrow. that matter wasn't my fault. He didn't like me because of this matter. He was blind!

"Su Wanwan, don't make yourself sound so innocent. Do you dare to say that you weren't wrong at all in that matter? If that's the case, you would've confronted brother mu Nian a long time ago. Why are you still trying to explain yourself helplessly? You're just afraid that he'll say that he hates you. If that's the case, you won't even dare to dream about it, right?"

Xi Zhiwei would always lower her head to su Wanwan in everything, but in this matter, su Wanwan was always in the wrong. She could always suppress her.

Xi Zhiwei raised her head and looked her in the eye. but even without that incident, brother mu Nian still doesn't like you! Xi Zhiwei said mercilessly.

su Wanwan, I'm only here to remind you today. If you ask for a divorce yourself, you can save some face for yourself. If you let brother mu Nian bring it up, that would be really embarrassing!

It was better to not say too much. If she said too much, it would not have a good effect. Xi Zhiwei closed her mouth and only laughed coldly. She got up and left.

Only su Wanwan was left in the private room. She raised her head and her black eyes turned left and right. Her eyes were still wet little by little. No matter how high and mighty Xi Zhiwei was in front of her, she couldn't hurt her. However, once PEI Munian was involved, she couldn't help but become weak and disappointing.

She didn't want to be like this, and she hated herself for being like this. But how could a person like Xuanji really control her heart?

Even though she didn't want to admit it, Xi Zhiwei's words had touched her sore spot.

She kept saying that she had forgotten and let go of PEI Munian. In fact, she was always lying to herself. If she could really forget and let go, she would be able to face the past calmly and not care about anything.

That was why she never dared to face what had happened in the past. She could only try her best to make PEI Munian fall in love with her now. However, be it in the past or now, he did not love her. He did not love her, Yingluo.

Su Wanwan tugged at the corner of her lips. She wanted to smile, but the corner of her lips was curved and tears fell drop by drop.

Su Wanwan looked up and saw the PEI family group building in front of her. She was stunned.

After Xi Zhiwei had left, she had sat in the private room and cried. After crying for a long time, her head was muddled and it started to hurt again. She had drunk a little wine and unknowingly, she had come here.
